Recommendations:

1. To note the results of the public Consultation for the Council Tax Reduction Scheme.
2. To recommend to Council that no changes for 17/18 (the existing 2016/17 scheme is retained for 2017/18)

1. Executive summary

- 1.1 It is an annual requirement for Councils to revisit their existing council tax support scheme and make a decision as to whether to replace or revise it.

- 1.2 In the 2015 summer budget and autumn statement a number of welfare changes were announced. In order that these changes are reflected in our scheme it is a key time to revisit our existing requirements and ensure it is still aligning itself with relevant benefit legislation.
- 1.3 In order to make changes to our scheme for 2017/18 we are required by law to:
- Consult with the major precepting authorities
 - Consult with other persons as it considers are likely to have an interest in the operation of the scheme.
- 1.4 The Authority has undertaken a comprehensive consultation which ran from 27th June 2016 – 4th September 2016 and invited all residents the opportunity to contribute to the discussion. Our consultation was undertaken at the same time as other Devon Authorities and the proposals to change the Council Tax Reduction scheme are in line with our neighbouring authorities. Whilst the consultation was comprehensive, as with other consultations only a relatively small amount of residents responded. This is no doubt partly due to the technical nature of the changes proposed.

Whilst the numbers are relatively low, every opportunity was given to residents to have their say including:

- on line
 - e-mail
 - social media
 - by completing a consultation paper at customer services
 - A short film was also completed on social media to encourage participation.
- 1.5 Officers are recommending that there are no changes to the existing scheme in 2017/18 because
- Poor consultation response
 - A number of Authorities within Devon have decided against any changes at this stage, some are adopting some changes others are developing their own new scheme, therefore there would no longer be a Devon wide scheme.
 - The changes would potentially result in additional financial hardship to our most vulnerable citizens.
 - The additional financial burden on that group could result in a detrimental effect on our council tax collection rather than realise additional income.

After analysing the results of the survey and some sample calculations of how individuals may be impacted, it was felt that rather than make minor changes to the scheme based on adopting proposals, a complete overhaul of the scheme was required with a view to agreeing a new policy for 2018/19.

- 1.6 The final Council Tax Reduction Scheme must be adopted by Full Council, and cannot be delegated to an Officer or Committee.
- 1.7 An Equality Impact Assessment has been completed and can be found as Appendix 4.

2 Background

- 2.1 Council Tax Support (CTS also known as Council Tax Reduction - CTR) was introduced in April 2013 and replaced the national Council Tax Benefit Scheme, with a 10% funding reduction. The CTR scheme for working-age customers is a local scheme, however the scheme that exists for pension age recipients is a national scheme prescribed by regulations and cannot be varied locally. Therefore any savings to the scheme must come from working age customers.
- 2.2 Local Schemes must take account of and:
 - Support work incentives and in particular avoid disincentives for those moving into work
 - Our duties to protect vulnerable people (these duties already exist under the Equality Act 2010, The Care Act 2014, Child Poverty Act 2010, The Housing Act 1996)
 - The Armed Forces Covenant.

3 The Current Scheme

- 3.1 The working age scheme adopted by this council in 2014 retained the main elements of the former council tax benefit scheme but with the following;
 - Liability limit (maximum support) of 80%. This means that everyone pays at least the 20% of their Council Tax.
 - Limiting CTR to a Band D Council Tax charge. This means that customers living in a home with a Council Tax band greater than D must pay the additional charge.
 - No second adult reduction
 - A vulnerability/hardship fund to provide additional financial help.
- 3.2 Retaining the core elements of the Council Tax Benefit scheme, means that we have preserved the means test in its current form, together with the protections and work incentives that have been refined over many years. This means that our scheme allows for the annual uprating's such as; living allowances, permitted earnings and non-dependant deductions in-line with the relevant regulations.
- 3.3 The scheme adopted by this Council also took account of the outcomes following previous public consultation.

3.4 Since the start of CTR there have been a number of legal challenges to Billing Authorities schemes. Most of these challenges have been made against the consultation process and whether due regard was given to the equality impact assessment when making changes to the scheme. A Supreme Court ruling in 2014 – [R \(Moseley\) v London Borough of Haringey](#) has meant that consultation on changes to Council Tax Reduction schemes must also include an option on how the current scheme could be retained on the same level of funding.

3.5 Since 2013/14 funding for Council Tax Reduction has been included within the overall local government funding grant. The Authority therefore decides how much funding is available to support the Council Tax Reduction scheme.

3.6 The aim of the local scheme was for it to be 'cost neutral'. By this we mean that the level of Government grant would equal forecasted Council Tax Reduction expenditure for 2016/17

3.7 The following table sets out the annual expenditure and caseload:

	Total caseload	Working age caseload	Pension age caseload	Working age expenditure £	Pension age expenditure £	Total expenditure £
April 14	3,805	1,817	1,988	1,371,905	1,997,878	3,369,783
April 15	3,732	1,801	1,931	1,344,328	1,932,119	3,276,447
April 16	3,482	1,683	1,799	1,283,718	1,830,880	3,114,598

3.8 There are a number of reasons for the reduction in expenditure and caseload:

- changes made to our CTR Scheme for working age from April 2014 has reduced potential entitlement;
- improvements in the economic climate (less dependency on means tested benefits);
- increase in the statutory pension age so people are remaining in work for longer

3.9 Due to the level of increase in council tax for 2016/17 (the introduction of an additional 2% for adult social care) and a number of houses being built then we are likely to see expenditure and caseload increase for this financial year. Also, any downturn in the local economy is likely to result in an increase in costs.

3.10 With further reductions in Government grants and the localisation of Business Rates, Council Tax is becoming one of the main sources of income. This is particularly relevant to Devon County Council.

4. Options and consideration of risk

- 4.1 The Devon local government steering group (DLGSC) met on the 15TH April 2016 to consider a report from county and districts heads of finance on Council Tax future strategy. In this report they were asked to consider whether changes should be made to the council tax support scheme for 2017/18.

There were 4 options presented:

- Option 1 – No change
- Option 2 – Restrictions in liability level
- Option 3 – Administration changes to align with Housing Benefit and Universal Credit
- Option 4 – Option 3 plus the introduction of the Minimum Income Floor for self-employed.

All members of DLGSG agree to progress with option 4 it was thought that option would deliver savings both to the cost of the scheme and to its administration.

- 4.2 Members will recall the report of the 7th June 2016 when authorisation to publically consult on proposed changes was agreed. Due to poor consultation response it was necessary to complete detailed analysis of how the proposed changes would impact.

Changes in detail

4.3 To align with Housing Benefit

- 4.3.1 Removal of family premium for new claims or break in claims.** West Devon currently have 775 claimants receiving the family premium award. On average this translates to £181.48 per claim per annum at a total cost to the council and preceptors of £140,646 per annum, Since April we have received 169 new claims from families in West Devon that would be affected by these changes, therefore the implementation of this proposal would equate to an annual saving to the council and preceptors of £30,670.

- 4.3.2 This change will not affect those on Universal Credit, Income Support, Income Related Employment and Support Allowance or Income Based Jobseeker's Allowance.

- 4.3.3 Removal of the element of Work Related Activity Component for the calculation of the current scheme for new Employment and Support Allowance (ESA) applicants.** This is an administrative change to pass ported claimants for which there is no financial impact.

- 4.3.4 Reducing backdating to one month for new claims.** We have had no claims that have been awarded more than 31 days backdate between the period 01 April 2016 -15 November 2016.

4.3.5 Reducing the period for which a person can be absent from Great Britain and still receive CTR from 13 to 4 weeks. Looking at analysis from previous years this would have no impact.

4.3.6 To limit the number of dependent children additions within the calculation for CTS to a maximum of 2. This will only affect households who have a third or subsequent child born on or after 1st April 2017. For the period 01 April 2016 – 15 November 2016 there have been 61 new claims received in West Devon with 2 or more children in the household, this would equate to an annual savings of £36,446.

4.4 To align with Universal Credit

4.4.1 Removal of the additional earnings disregard and apply the standard disregards irrespective of hours worked to those applicants also claiming Universal Credit. For the period 1 April 2016 to current date there have been 9 claims that would be affected by this proposal which equates to annual saving to the Council and preceptors of £1,601.

4.4.2 Removal of entitlement to the Severe Disability premium where someone is already paid Universal Credit (Carers Element) to look after someone with a disability. There is no data (no current claimants) to enable a calculation to be made.

4.4.3 Introduce a Minimum Income Floor (MIF) for Self-employed after a 12 month start-up period. There are currently 115 self- employed claimants who receive CTR. Of these 115 only 25 declare income in excess of the proposed minimum amount, based on the current national minimum wage of £7.20 per hour multiplied by 35 hours £252 per week gross which is reduced to £193.67 net following deductions for tax and national insurance etc. The impact of this proposal would see 90 claimants no longer entitled to CTR making a saving of £61,110.

4.5 Financial impact of Proposals

	£
Removal of the family premium for all new working age applicants?	30,670
Removal of the element of Work Related Activity Component for the calculation of the current scheme for New Employment and Support Allowance applicants?	0
Reduce the backdating to 1 month?	0

Reducing the period for which a person can be absent from Great Britain and still receive CTR from 13 to 4 weeks?	0
To limit the number of dependent children additions within the calculation for CTS to a maximum of 2?	36,446
Removal of the additional earnings disregard and apply the standard disregards irrespective of hours worked to those applicants also claiming Universal Credit?	1,601
Removal of entitlement to the Severe Disability premium where someone is already paid Universal Credit (Carers Element) to look after someone with a disability?	0
Introduce a Minimum Income Floor (MIF) for Self-employed after a 12 month start-up period?	61,110
Total potential savings (all preceptors)	129,827
West Devon Borough Council potential savings (12%)	15,579

- 4.6 The cost of the scheme is met through the Council Tax collection fund and all the major precepting authorities need to continue to make significant savings due to cuts in funding.
- 4.7 Taking into account the equality impact assessment we believe that aligning our scheme with Universal Credit changes could potentially have a negative impact on our most vulnerable customers. The customers that are more likely to be affected by the above changes are families that are working on a low income and already struggling to pay their rent and council tax, if we apply these changes the claimant will be unable to pay their council tax putting pressure on our Revenues collection service, in order to recover these arrears we will have to issue summonses creating extra costs for families that can't pay.
- 4.8 Consultation was completed with regard to introducing the changes proposed in option 4. However due to the poor response (Appendix 2) Officers conducted a sample of the differences the changes would make in terms of costs of administration and to the scheme fund, and found the differences very small. It is with this in mind that the recommendation is to leave the scheme as is for 2017/18 and propose a complete overhaul with more in-depth public consultation for 2018/19.
- 4.9 All the Devon Authorities (including the two unitary authorities) consulted the same changes to their scheme for 2017/18. However following the consultation, early indicators are that any benefit from having a similar scheme Devon-wide have already become fragmented as a number of Authorities have decided against any

changes at this stage whilst some are adopting some of the changes.

5. Proposed Way Forward

- 5.1 Members have 2 options for the 2017/18 scheme. To retain the CTR scheme as it currently stands, which is the recommended option, or that we make the changes to the scheme as proposed in the consultation. There is one caveat to this option, Members are advised that in the unlikely event that these changes are not agreed by Central Government by the 1st April 2017, that the Councils Council Tax Reduction scheme will not be amended for 2017/18 but will be amended from 2018.
- 5.2 In addition officers have proposed a complete overhaul of the scheme for 2018/19, revisiting the core principles and ensuring any future scheme is fit for purpose, efficient and clear as possible, whilst targeting the funding available at the people who need it the most.

6. Implications

Implications	Relevant to proposals	Details and proposed measures to address
Legal/Governance	Y	The relevant powers for this report are contained within the following legislation; Clause 34 of the Welfare Reform Bill provides for the abolition of Council Tax Benefit from 31 st March 2013 and introduces the Local Council Tax Support Schemes to be administered by Local Authorities
Financial	Y	The Government funding (Settlement funding assessment SFA) received from Central Government will be reduced by 10% for 2016/17. Council Tax Reduction funding is included within the SFA. The scheme is designed to be cost neutral and covers the shortfall in funding of approximately £562,000. Based on current calculations (see 3) officers are confident that the difference between actual and forecasted figures as the end of the financial year will be minimal. The modelling carried out last year which informed the decision to adopt the current scheme is proving to be consistent

		with what is happening since the Council Tax Reduction Scheme went live.
Risks	Agreement on scheme	Failure to agree a scheme by 31 st January 2017. Failure to agree will mean the Council is bound to continue with scheme adopted for 2016/17.
	Financial	Detrimental impact on collection rates Business case in place with all preceptors agreeing financial support to fund extra resource to undertake early intervention and money advice. Future funding reductions could mean that the proposed scheme will not remain fit for purpose Annual review and close monitoring of announcements and national forums Impact on wider economy and most vulnerable Business case in place with all preceptors agreeing financial support to provide Exceptional Hardship Fund to assist those in extreme financial need.
Comprehensive Impact Assessment Implications		
Equality and Diversity	Y	An equality impact assessment has been completed – See Appendix 4.
Safeguarding	Y	Changes to the scheme could be seen to have a negative impact on child poverty.
Community Safety, Crime and Disorder	Y	As above.
Health, Safety and Wellbeing	Y	These changes will impact on our poorest and most vulnerable families.
Other implications

1.0 Introduction to the Council Tax Reduction Scheme

- 1.1 The following has been adopted by the Council and details the Council Tax Reduction scheme for the period 1st April 2015 until 31st March 2016.
- 1.2 This document details how the scheme will operate for both pension credit age and working age applicants and in accordance with Section 13A of the Local Government Finance Act 1992 specifies the classes of person who are to be entitled to a reduction under the scheme and is effective from 1st April 2015 for a period of one financial year.
- 1.3 The scheme in respect of pension age applicants is defined by Central Government within the following:
- Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012;
 - Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (England) (Amendment) Regulations 2012;
 - Council Tax Reduction Schemes (Transitional Provision) (England) Regulations 2013;
 - Council Tax Reduction Schemes (Detection of Fraud and Enforcement) (England) Regulations 2013;
 - Council Tax Reduction Schemes (Prescribed Requirements) (England) (Amendment) Regulations 2013;
 - The Council Tax Reduction Schemes (Prescribed Requirements) (England) (Amendment) (No. 2) Regulations 2014 and
 - Local Government Finance Act 1992 (as amended by the Local Government Finance Act 2012).

The scheme for pension age applicants – Central Government’s scheme as defined by the Council Tax Reduction Scheme (Prescribed Requirements) (England) Regulations 2012

- 1.4 There are three main classes under the prescribed pension credit age scheme, for each of which there are a number of qualifying criteria. In all cases individuals must not be of a prescribed class exempted from reduction, such as a person subject to immigration control with limited leave to remain. The definition of a pension credit age person is a person who;
- a. has attained the qualifying age for state pension credit; and
 - b. is not, or, if he has a partner, his partner is not;
 - i. a person on income support, on an income-based jobseeker’s allowance or on an income-related employment and support allowance; or
 - ii. a person with an award of universal credit

The three prescribed classes are as follows;

Class A: pensioners whose income is less than the applicable amount.

On any day Class A consists of any person who is a pensioner:

- a. who is for that day liable to pay council tax in respect of a dwelling of which he is a resident;
- b. who, subject to paragraph 5 of Schedule 1 of the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012, is not absent from the dwelling throughout the day; in respect of whom a maximum Council Tax Reduction amount can be calculated;
- c. who does not fall within a class of persons prescribed for the purposes of paragraph 2(9) of Schedule 1A to the Local Government Finance Act 1992 and excluded from the authority’s scheme;
- d. whose income (if any) for the relevant week does not exceed his applicable amount calculated in accordance with paragraph 9 and Schedule 2 of the Local Government Finance Act 1992;
- e. not have capital savings above £16,000; and

- f. who has made an application for a reduction under the authority's scheme.

Class B: pensioners whose income is greater than the applicable amount.

On any day class B consists of any person who is a pensioner:

- a. who is for that day liable to pay council tax in respect of a dwelling of which he is a resident;
- b. who, subject to paragraph 5 of Schedule 1 of the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012, is not absent from the dwelling throughout the day; in respect of whom a maximum Council Tax Reduction amount can be calculated;
- c. who does not fall within a class of person prescribed for the purposes of paragraph 2(9) of Schedule 1A to the Local Government Finance Act 1992 and excluded from the authority's scheme;

- (b) without prejudice to the extent of the duty owed under paragraph 9, indicate to him either orally or by notice or by reference to some other document available to him on application and without charge, the kind of change of circumstances which must be notified.

74.0 Duty to notify changes of circumstances²⁶

74.1 Subject to sub-paragraphs (3), (6) and (7), an applicant (or any person acting on his behalf) must comply with sub-paragraph (2) if there is a relevant change of circumstances at any time;

(a) between the making of an application and a decision being made on it, or

(b) after the decision is made (where the decision is that the applicant is entitled to a reduction under the authority's scheme) including at any time while the applicant is in receipt of such a reduction.

74.2 The applicant (or any person acting on his behalf) must notify any change of circumstances which the applicant (or that person) might reasonably be expected to know might affect his entitlement to, or the amount of, a reduction under the authority's scheme (a "relevant change of circumstances") by giving notice to the authority;

(a) in writing; or

(b) by telephone—

74.3 The duty imposed on a person by sub-paragraph (1) does not extend to notifying

(a) changes in the amount of council tax payable to the authority;

(b) changes in the age of the applicant or that of any member of his family;

(c) in the case of an applicant in receipt of a relevant benefit, changes in circumstances which affect the amount of the benefit but not the amount of the reduction under the authority's scheme to which he is entitled, other than the cessation of that entitlement to the benefit.

74.4 For the purposes of sub-paragraph (3)(c) "relevant benefit" means income support, an income-based jobseeker's allowance or an income-related employment and support allowance or universal credit.

²⁶ Inserted by Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012

(b) any change in the amount of the applicant's capital to be taken into account which does or may take the amount of his capital to more than £16,000;

(c) any change in the income or capital of;

(i) a non-dependant whose income and capital are treated as belonging to the applicant; or

(ii) a person to whom their partner is treated as member of the household, and whether such a person or, as the case may be, non-dependant stops living or begins or resumes living with the applicant.

74.8 A person who is entitled to a reduction under the authority's scheme and on state pension credit need only report to the authority the changes specified in sub-paragraphs (7) and (8).

74.9 All changes in circumstances should be notified to the authority in writing (or by whatever format agreed by the authority) within one calendar month of the happening of the event or change in circumstance. This timescale may be extended at the discretion of the authority. Where such a change is not received within that timescale and where the change would increase the level of reduction payable, the authority may use a date later than the actual change of circumstances

4	02/09/16 10:49PM ID: 43574278	If you remove it only for new claimants then you are being discriminatory in your dealings with your constituents. You must either not implement this action or apply it to existing claimants too, otherwise you may be forced to spend much more than you save by having to defend your discriminatory policies through the Law Lords Courts of appeal. "What is fair for one is fair for all," would accumulate more monies and prevent expensive legal battles and also prevent social unrest between the haves and the cannot gets.

Humans are only animals and under severe duress will resort to theft to replace money they need too feed and prevent themselves from dying from Hypothermia that they have given to you under extreme duress. they will also be made Mentally ill and unstable by the stresses you place them under and this will lead to destruction and theft of council property, which will need to be replaced and repaired and will negate any extra monies raised by your proposals.

2	02/09/16 10:49PM ID: 43574278	As any competent person is aware the first 2 to 4 years of a startup buissness are the most critical and most people who go on to build their business and become employers will pay themselves less than the monies they would rcieve from JSA during the first 2-3 years. Therefore your stated aim of increasing employment through giving less support through the most critical period of a new business venture's start up phase is severely flawed and will result in the exact opposite result too that which you claim to aspire too.

2	02/09/16 10:49PM ID: 43574278	You cannot have exceptions because this will be seen as discriminatory. You cannot say that a person can be allowed to be out of the country for four weeks and a the same time say that because they may be gone for longer and that is what you have said "may be" not are going to be. That under those hypothetical conditions they should not receive the first four weeks of benefit that they are legally entitled too. Otherwise you must say that all people must have their benefits stopped on the day they leave the country and reapply on their return using the four week backdated claim system you propose to introduce. Otherwise the regulations would not be legally enforceable and the High court of Appeal will overturn them; granting costs to the appellants.

4	02/09/16 10:49PM ID: 43574278	It is discriminatory, you have described the ESA WRAC component erroneously . What you have described is the descriptor for the ESA Support component. When a person is placed within the WRAC catogary they have the right to appeal and this can take more than a year to accomplish. so under your proposals they would have their CT reduction entitlement reduced and after they where successful in their appeal to be transferred into the support group they would not be able to claim a backdated entitlement to CT reduction from the date that they became entitled to the Support Group ESA benefit namely 12 months prior to the date that the appeal Tribunal overturned the DWP's decision makers erroneous decision which has in turn allowed you to refuse their full entitlement to CT reduction benefit. Or as seen by the public you have stolen around £1000 from one of the most vulnerable members of our society. The backlash of civil disobedience, criminal activities, sheltering and shielding of criminals by respectable members of society, resentment, destruction and theft of property that this course of action will elicit throughout all levels of the public is not worth the short-sighted and ultimately unsuccessful proposals being proposed by yourselves.		
5	06/09/16 12:56PM ID: 43694356	Those who currently receive support and new applicants should be treated the same. Compassion should be shown and real needs met, taking individual circumstances into account.

The savings you must make can only be sustainably done by making your employees work efficiently if they were working in an industrial environment and moved around at 1 mile per hour as seems to be the maximum speed of locomotion within council offices they would be dismissed for being incapable of performing their assigned work in a reasonable time frame. I witness your staff deliberately wasting time at every opportunity that they get. This is where you are losing money hand over fist by your staff fraudulently accepting wages for work that is not done correctly, efficiently and must be repeated 2 to 3 times because they have deliberately sabotaged themselves.		
6	06/09/16 12:56PM ID: 43694356	People should be assessed on their actual needs and number of dependant children, whether existing or new claimants. There should be no class distinction, they should contribute according to ability to pay the tax.

This will cause employers to be forced to pay employers national insurance contributions for their staff and will result in the failure of many businesses and the reduction to your revenue stream by the subsequent reduction in business rates that you receive and the increased applications for council tax reduction from the former employers who will now be unemployed as their business has failed due to increased costs. It is a lose-lose scenario.

This is common practice in industry and promotes a culture of self quality control and motivates employees to construct and implement strategies for completing their work to the highest standards whilst simultaneously maintaining the highest standards of quality and finding ways to make themselves be more efficient because the more efficient and quality oriented they

1	Open-Ended Question	100.00%	7
1	16/07/16 11:41AM ID: 41606098	<p>The terminology used in this consultation document is very difficult to understand. It's DWP jargon, which needs clear explanation so lay people can fully understand the proposals and comment on them.</p> <p>I hope this isn't done intentionally to put people off commenting, so the Council's preferred situation can be waved through without public scrutiny.</p>	
2	16/07/16 11:57AM ID: 41606540	<p>I'm sure that this all makes sense to anyone familiar with the benefits system but for others its really not explained well enough to make this consultation effective.</p>	
3	22/07/16 8:18PM ID: 41905279	<p>I have received Council Tax Reduction for the last few years and it has been a life saver, I just can't express my gratitude enough .. I didn't qualify for any benefits and had a part time job of 15 hours a week along with some lodgers rent. No mention is made of any changes to people who do not qualify for Universal Credit etc.. so hopefully there will be no changes for those people ij applying for Council Tax Reduction.</p>	
4	23/07/16 5:14PM ID: 41926177	<p>Reduce the wages and perks councilors receive to what carers receive.</p>	
5	18/08/16 5:17PM ID: 42967763	<p>These proposals are a travesty.</p> <p>The ill-fated and badly-thought-out Universal Credit scheme is NOT something the council ought be trying to emulate.</p> <p>It is not even being rolled out nationally for another five years due to the fact it is failing in the trial areas and already causing extreme hardship to those unfortunates who have already been forced onto it, people already on the lowest economic rung. Why would the council try and emulate a scheme that is still very much in trouble and possibly not even going to see the light of day in the end?</p> <p>The UC has been panned by social scientists, economists, health and social professionals dealing with the vulnerable and jobcentre staff already administering it in the trial areas.</p> <p>It's treatment of the self employed with the minimum income floor is particularly discriminatory, barbaric and ultimately socially corrosive and morally bankrupt. It is expected to be an absolute national shambles if the self-employed are abused in this way. You CANNOT automatically assume a person earns more than they do in order to give them less help, unless you are actually looking to create economic and societal breakdown.</p> <p>The fact is a huge number of small and independent businesses rely on the head person taking less than the minimum wage from time to time - you will be putting people out of work if you make this un-viable by using a mean-spirited income assumption. Self employed people working for less than they should to keep a business going is part of life and used to be seen as admirable not long ago when we were a civilised country - not something people should be punished for - there certainly isn't enough alternative work available for people to take up.</p> <p>As for part-time self-employeds - presumably these despicable proposals mean you won't give them any help? There are so many reasons why many people need to work part time - health, family and personal reasons mainly - the council has no business telling people they must work longer hours or face forced destitution. I would be personally affected by this proposal to the point that from April I would be on the council doorstep demanding emergency housing as I would no longer be able to live where I do and pay the increased council tax. I know dozens in the borough who would be devastated by this proposal.</p> <p>It would appear from these proposals that you have some classic nasty Tories in WDBC who come with pre-instilled prejudice that low-income self employeds are all idlers and shirkers - a common Tory hysteria which has been decidedly disproven by just about every expert demographic and economic analysis undertaken. The Tories hate the poor - we know this as poor people after all these years of them - our real-time incomes have already dropped by up to 50% in cases since the Tories have been back in number 10.</p> <p>It is a well documented national scandal that the poorest have already shouldered the bulk of the austerity cuts. Universal credit threatens them further and now WDBC proposes to twist the knife - are you actually trying to kill us off?</p>

	<p>Most seriously, I only found out about this consultation by mistake as I tried to pay my (very late) council tax bill. I feel people ought to have been better informed about this proposal by letter - to that effect I am writing a letter to the Tavistock Times - if is not published I shall be putting posters up in town next week to advise those on low incomes that they need to have their say on this - literally nobody I know who would be affected knows about this consultation. Why are the council not making an effort to inform those of us who it will personally affect? It is disgusting behaviour.</p> <p>My council tax bill is late because since the Tories austerity cuts, I no longer qualify for the level of discount I would have received - I receive 50% discount and can only just scrape by paying it off very late - I CANNOT pay more, I WILL NOT pay more. Book a prison place for me if this assault on West Devon's poorer residents goes ahead, because you can't have what I haven't got. Also, get ready to provide me with new housing when I am made homeless as a result of evil 'assumed income' thresholds. Putting me in prison and finding me emergency accomodation is going to be far costlier than giving me the level of help I need, but that's your problem. I know who has the intellectual and moral high ground here and it isn't WDBC.</p>		
6	<p>19/08/16 10:27PM ID: 43021181</p> <p>I do not really understand the subtleties of these changes but I think that simplifying and standardising the approach alongside other benefits makes sense.</p> <p>The one that I am not sure about is if someone leaves the home temporarily. I would assume that the cost of providing services to an empty home is a bit less anyway.</p> <p>I find think though that the approach should be sympathetic to those in hardship. If people are disabled or struggling through no fault of their own then we should support them. That said it should not encourage people to abuse the system.</p>		
7	<p>06/09/16 12:56PM ID: 43694356</p> <p>The Governments and Councils should not be looking at reducing the help available to those in need, be it financial or material.</p> <p>Those that are financially better off should be expected to make a greater contribution for the benefit of those less fortunate even is this means increasing the council tax, or income tax to those who can afford it.</p>

Equality Impact Assessment (Appendix 4) – West Devon Borough Council Council Tax Reduction Scheme 2017/18

Lead Officer	Lorraine Mullineaux Benefit Specialist
Service	Housing, Housing Benefit and Revenues COP
Proposed change to service	Council Tax Reduction scheme for April 2017
Reason for the service change	<p>The Council Tax Benefit scheme was abolished by the Welfare Reform Bill from April 2013. This was replaced with a local Council Tax Reduction scheme. The Council implemented a Council Tax Reduction scheme which was very similar to the previous Council Tax Benefit system. From April 2013 the only change applied was to abolish Second Adult Rebate claims for working age claimants. The shortfall in funding was covered by council tax technical reform changes rather than reducing the level of support provided in Council Tax Reduction.</p> <p>From April 2014 and after public consultation the following scheme was agreed:</p> <p>80% maximum liability restriction meaning that working age claimants paid a minimum of 20% towards their Council Tax bill.</p> <p>A property valuation band D restriction meaning that working age claimants living in larger properties did not receive greater levels of support than those living in small properties</p> <p>An exceptional hardship fund to help those claimants experiencing severe financial difficulties</p> <p>The Council's overall budget has continued to be cut by Central Government. It is for local councils to determine how to manage the funding gap and whether any further cuts should be made to the current Council Tax Reduction scheme for working age customers.</p> <p>There are strict guidelines from the Government to ensure support for pensioners will remain at the same level as now and will be delivered through a national framework of criteria and allowances.</p> <p>To date there have been no changes to the scheme that was introduced on 1st April 2014.</p> <p>West Devon Borough Council will need to agree the scheme which will be affective from April 2017 by 31st January 2017. If no scheme is approved the Council will continue with the scheme as agreed for April 2016/17.</p>
Information about users , research or other evidence	<p>Those who benefit from CTR are working age people, on low incomes, living within the district that have a liability to pay Council Tax.</p> <p>The scheme is "means tested" and the amount of CTR awarded depends on the customer's income, capital and household details. The amount of award can be up to 80% of the Council Tax Liability. Those who work and qualify</p>

	<p>because they are on a low income are generally less likely to get maximum CTR. If anyone has capital in excess of £6,000 they will not qualify for Council Tax Support.</p> <p>The Government set the following conditions on local authorities localised schemes:</p> <ul style="list-style-type: none"> • Low income pensioners will be fully protected from any change. • No change can be made to the 25% single person discount. • Schemes must have regard to their statutory duties under Child Poverty Act, Equality Act, Housing Act 1986 (homelessness duty), chronically Sick and Disabled. • Schemes must not encourage benefit dependency and must ensure they provide sufficient incentive to work. <p>West Devon Borough Council has the option of developing a new scheme or continuing with the current scheme. It is with the above conditions in mind that we are recommending that we continue with the current scheme in 2016/17.</p>
Stakeholder consultation and involvement	<p>A ten week period of consultation commenced on 27 June 2016. The Consultation was promoted</p> <ul style="list-style-type: none"> • online • e-mail • Social Media (including a short video) • Customer advisers <p>Results can be found within the officer report.</p>

AGE	Positive	Negative
	<p>The Government continues to protect low-income pensioners (who are eligible for assistance with their council tax liability) from any reduction in support as a result of reforms. The Government wants to ensure pensioners, who would struggle to pay council tax without additional funds and who the Government does not expect to work to increase their income, will continue to support their council tax liability. Schemes must have regard to their statutory duties under Child Poverty Act 2010. (The Act imposes a duty on local authorities to have regard to, reduce and mitigate the effects of child poverty in their local area).</p>	<p>Working age customers suffer disproportionately due to the need to protect pensioners from financial loss.</p> <p>Could drive working age people out of the area: because of the increased burden arising from Devon having a higher number of pensioners than other parts of the UK.</p> <p>Working age customers in Devon are already disadvantaged by low wages and seasonal work, rurality and poor ICT connectivity.</p>

DISABILTY	Positive	Negative
	<p>Schemes must have regard to their statutory duties under The Disabled Persons (Services, Consultation and Representation) Act 1986, and Chronically Sick and Disabled Persons Act 1970, which include a range of duties relating to the welfare needs of disabled people.</p> <p>The CTRS continues to be based, in general, on the previous Council Tax Benefit rules. This provides protection and increased assistance for</p>	<p>All working age people will lose out and this could continue to affect some people with a disability if they are not part of the protected group.</p> <p>More likely to be in receipt of CTR.</p> <p>May find it difficult to understand information and not know if they are entitled to claim CTR.</p>

Issues and Recommendations

All claimants should pay something. All working age claimants should pay 20% towards their Council Tax. This affects all claimants, except pensioners whom are protected. The impact of this

To protect the most vulnerable West Devon Borough Council will have some kind of vulnerability/hardship fund to act as a safety net. This will allow for individual circumstances to be taken into account when appropriate.
