#### **O&S.1/19 MINUTES**

The minutes of the meeting of the Overview and Scrutiny Panel held on 28 March 2019 were confirmed as a correct record and signed by the Chairman.

#### O&S.2/19 **DECLARATIONS OF INTEREST**

Members and officers were invited to declare any interests in the items of business to be considered during the course of the meeting, but there were none made.

#### O&S.3/19 PUBLIC FORUM

In accordance with the Public Forum Procedure Rules, the Chairman informed that one question had been received for consideration during this agenda item.

Question from Mr Robert Vint Page 1 'How will the Council be assessing the viability of a 2030 target for achieving carbon-neutrality in its Climate Action Plan, what independent organisations is it contacting for advice on how to do this and by what date does it currently intend to set a target?'

In response, Cllr Pearce made the following points:

- The Executive had recommended to the Special Council meeting on 25 July 2019 that: 'An Action Plan be developed that outlines how the Council will address the Emergency and meet or exceed the targets set by the Intergovernmental Panel on Climate Change, including an assessment of the viability of a 2030 target, to be brought to Council for approval within six months' and it would be through this process that the Council would assess the viability of a 2030 date:
- The Council was already working with a range of organisations, including Exeter University, through the Climate Emergency Response Group (CERG) that was chaired by Devon County Council;
- It was expected that a range of organisations would be engaged through the process of producing the Action Plan;
- The Council did not have a date by which it intended to set a target other than as detailed in the Executive recommendation to the Special Council meeting.

#### O&S.4/19 GOVERNMENT OVERVIEW & SCRUTINY GUIDANCE

A report was presented that sought to brief the new Panel on the 'Statutory Guidance on Overview and Scrutiny in Local and Combined Authorities' that had recently been produced by the Ministry of Housing, Communities and Local Government.

In his introduction, the Chairman of the Panel drew particular attention to the following extracts of the Guidance:

- The importance of ensuring early and regular engagement between the Executive and Scrutiny;
- The need to maintain the interest of full Council in the work of the Overview and Scrutiny Panel;
- An effective Overview and Scrutiny function needing to have a defined impact on the ground, with the Panel making recommendations that would make a tangible difference to the work of the Council;
- The view that Scrutiny works best when it had a clear role and function:
- With regard to shortlisting topics, these should reflect the overall role of Scrutiny in the Council and, when considering whether an item should be included on the work programme, Members should consider the following questions:
  - Do we understand the benefits that Scrutiny would bring to the issue?

- o How could we best carry out work on this subject?
- What would be the best outcome of this work? and
- How would this work engage with the activity of the Executive and other decision-makers (including partners)?

It was then:

#### **RESOLVED**

That the Panel:

- 1. support the contents of the 'Statutory Guidance on Overview and Scrutiny in Local and Combined Authorities';
- convene an all Member Training Session in September 2019 that will incorporate the viewing of a web streamed Devon County Council Scrutiny Committee meeting and will review the effectiveness of the first three Panel meetings (held in June, July and September 2019).

## O&S.5/19 **EXECUTIVE FORWARD PLAN**

The Panel was presented with the most recently published Executive Forward Plan. In accordance with Procedure Rules, the Chairman had requested prior to this meeting that the Leader provide responses to a series of questions on the following Executive agenda item:

#### (a) Climate Change Programme

Question 1. Prior to the Special Council meeting on 25 July 2019, can Members be informed which professional advisors will be consulted and which strategies are being considered by Plymouth, Exeter and Teignbridge Councils to help them achieve carbon neutrality by 2030?

In response, the Leader reminded the Panel that the Council had yet to formally consider the Executive recommendations and it was therefore very early days to be in a position to provide such information. However, the Leader and Chief Executive both emphasised that a great deal of combined working was already being carried out. Whilst both the University of Plymouth and University of Exeter had committed to supporting the work, there were potential procurement matters that would require addressing.

Assuming that Members approved the Executive recommendations on 25 July 2019, then the Council would also then commit to working with the Devon Climate Emergency Response Group.

Question 2. Prior to the July Special Council meeting, can Members be informed which professional advisors the Council is considering using and which strategies will it consider adopting, in order to assess the viability of a target for the South Hams of Carbon Neutrality by 2030?

In reply, the Leader informed that the Response Group would be setting up a website that would contain extensive information (including the notes and action points arising from meetings) and be hosted by Devon County Council. Once it was established, officers gave a commitment to providing a link to the website to all Members.

In highlighting that resources were scarce and a co-ordinated response would be vital, the Leader stated that the work required to calculate the Council's Carbon Footprint would be far more straightforward than the research required to establish the Devonwide picture.

Question 3. The Council aims to produce a Climate Action Plan within six months – prior to the Special Council meeting in July, can Members be provided with a draft timetable of stages to reach that goal, including how and when external experts, this Panel, other Members and the public would be consulted?

Whilst it was felt too early to be able to provide this information, the Leader recognised the importance of keeping the wider membership fully informed and she gave a commitment for Members to be kept informed of progress via regular updates in the Members Bulletin.

Question 4. In drawing up the Action Plan, will the Council seek to identify, assess and maximise the potential economic, social and environmental 'co-benefits' of the following:

- reducing Council energy bills;
- generating income from renewable energy opportunities;
- reducing fuel poverty and hypothermia;
- reducing air pollution;
- creating new local business, employment and investment opportunities;
- increasing local economic resilience and self-reliance; and
- increasing tree cover and biodiversity?

With the possible exception of increasing tree cover and biodiversity, the Leader was of the view that each of these points were classified as 'business as usual' for the Council.

Question 5. Prior to the July Special Council meeting, can Members be informed what steps are being taken or proposed in respect of working with other councils to address the proposed Emergency?

The Leader advised that this question had been addressed in the previous responses that had been given.

In the subsequent debate, reference was made to:-

(a) the decision-making process at Special Council. The overriding view was that the commitment to provide regular updates in the Members Bulletin, coupled with the website link being circulated, would be sufficient and there would consequently be

- no need for an additional report to be produced for consideration at the Special Council meeting;
- (b) the development of the Action Plan. Assurances were given to the Panel that all Members would be fully involved in the development of the Action Plan;
- (c) the proposed Member Workshop. Whilst the final details were still to be confirmed, it was noted that the provisional date of Wednesday, 18 September 2019 had been set aside for the Workshop to be held at the Woolwell Community Centre.

#### O&S.6/19 IT SYSTEM UPDATE

A report was considered that provided an update on the IT systems issues that had been experienced by Members since May 2019 and presented an outline plan for reducing the impact of future issues.

In introducing the report, both the lead Executive Member and lead officer apologised to Members for the inconvenience that they had experienced with their IT devices. Whilst it was no excuse, there were a number of challenges and complexities around providing IT support to a diverse range of Council services.

The lead Member also wished to remind her colleagues of the ability for IT officers to remotely access their devices without the need to make a visit to the Council offices and her intention for a quarterly update report to be presented to the Panel to enable for performance to be regularly monitored. Finally, the Member also highlighted that an 'IT Resilience' report was to be presented to the next Panel meeting on 11 July 2019.

During the ensuing discussion, the following points were raised:-

- (a) A number of Members paid tribute to the support that was being provided by the Member IT Officer and the Panel welcomed the news that his contract had recently been extended;
- (b) Whilst the issues had been very frustrating, the Panel felt that the regular communication from officers had in part mitigated the levels of impact and disruption experienced by Members;
- (c) A Member had given advanced notice of the following question:

'What research, if any, was carried out before the purchase of the new Surface Go tablets into the likelihood of the small size of the type being displayed causing eye strain if the device is used for any length of time? Also what research, if any, was done on the suitability of the smaller keyboard for use for writing longer documents, especially for those with ageing or arthritic fingers?'

In response, the lead Member informed that the Surface Go devices were rigorously tested during the previous Council and this was not

identified as being an issue during the trial. However, the importance of Members having a positive experience with their IT devices was recognised and if any Members were experiencing such issues, then they were encouraged to speak to her and/or the Head of Practice for IT outside of this meeting;

- (d) With regard to communicating with IT officers out of normal office hours, it was confirmed that consideration had been given to this option. However, it had been concluded that the cost of providing out of hours IT support was very expensive and currently deemed unaffordable;
- (e) The benefits of all Members having the 'Blackberry Client' application installed on their mobile phones to enable them to access their Council emails was emphasised by a number of Members.

It was then:

#### **RESOLVED**

That the Panel:

- 1. request that the IT Head of Practice consider the best methods and frequency for communicating system outages and resolution times to Members;
- ask that the IT Head of Practice note the concerns raised by Members and ensure that these are highlighted in the IT Resilience report that is to be presented to the Panel meeting on 11 July 2019; and
- 3. encourage all Members to have the 'Blackberry Client' application installed on their mobile phones.

## O&S.7/19 FOOD SAFETY SERVICE PLAN

Consideration was given to a report that provided Members with the opportunity to comment upon and agree the Food Safety Service Plan 2019/20.

During the ensuing discussion, reference was made to:-

- (a) the potential impact of a no deal Brexit. Whilst the implications were potentially very significant, officers did assure the Panel that the Council was fully prepared for this eventuality;
- (b) the achievement of maintaining a 100% food safety inspection rate in each of the last two years. The Panel paid tribute to the team's performance and noted that very few local authorities achieve this level of performance. As a general point, a Member asked whether there was any scope to slightly reduce the inspection levels on the traditionally highest scoring establishments in order to release some time for officers to undertake alternative duties;

Page 6

- (c) areas for improvement and future development. In referring to the list of areas identified, the Panel did pay particular attention to the importance of 'continuing to integrate Case Managers, Specialists and Locality Officer roles into the related work streams, with a view to freeing up officers to deliver service at the appropriate level';
- (d) working relationships with the NHS and Clinical Commissioning Groups (CCGs). Officers advised that they were developing good working relationships with the NHS and local CCGs and it was recognised that there was significant opportunities for the Council in this respect;
- (e) income generation opportunities. The importance of the service investigating all possible options to increase income was recognised. Indeed, such was the importance, that the Panel requested a sixmonthly update on this matter.

It was then:

#### **RESOLVED**

That the Food Safety Service Plan 2019/20 be approved, subject to, a six-monthly progress report being presented to the Panel that makes reference to opportunities available to the service to increase income and the areas identified for improvement and future development.

#### O&S.8/19 ANNUAL WORK PROGRAMME

During consideration of the latest version of the Panel's Annual Work Programme, the following additions, amendments and deletions were made:

- (a) With regard to the Peer Challenge Action Plan Update (that was to be considered at the Panel meeting on 11 July 2019), the Panel felt that it would be useful for a copy of the Peer Review Team's concluding report to be circulated to all Members in advance of this meeting;
- (b) It was agreed that an additional agenda item entitled: 'Review of Council's Property Assets' should be added to the Work Programme for consideration at the next Panel meeting on 11 July 2019;
- (c) Members concluded that an agenda item entitled: 'Delivery of Social Affordable Housing within the South Hams' was worthy of further consideration by the Panel. In light of the close linkages with the 'Homelessness Strategy Action Plan Annual Update', it was concluded that both items should be considered by the Panel at its meeting on 5 September 2019. With regard to the Housing and Homelessness agenda, the value in all Members attending the training session on the morning of Thursday, 4 July 2019 was stressed;

- (d) The Panel approved the suggestion that a 'Town Centre Strategies Update' agenda item be considered by the Panel at its 17 October 2019 meeting;
- (e) In respect of the 2019 Customer Satisfaction Survey, it was agreed that the results would be presented to the Panel meeting on 21 November 2019;
- (f) In light of the Panel decision to receive a six monthly progress report on the Food Safety Service Plan 2019/20 (Minute O&S.7/19 above refers), it was agreed that this should be scheduled for the Panel meeting on the afternoon of Thursday, 23 January 2020.

(Meeting started at 10.00 am and concluded at 11.55 am)	
	 Chairman

#### **PUBLIC FORUM PROCEDURES**

# (a) General

Members of the public may raise issues and ask questions at meetings of the Overview and Scrutiny Panel in relation to agenda items (and in accordance with the O&S rules in Part 4). This session will last for up to fifteen minutes at the beginning of each meeting.

## (b) Notice of Questions

An issue or question may only be raised by a member of the public provided that they have given written notice (which may be by electronic mail) to the Democratic Services Lead Specialist by 5.00pm on the Monday, prior to the relevant meeting.

# (c) Scope of Questions

An issue may be rejected by the Monitoring Officer if:

- it relates to a matter within the functions of the Development Management Committee;
- it is not about a matter for which the local authority has a responsibility or which affects the district;
- it is offensive, frivolous or defamatory;
- it is substantially the same as a question which has previously been put in the past six months; or
- it requires the disclosure of confidential or exempt information.

#### SOUTH HAMS DISTRICT COUNCIL: EXECUTIVE LEADER'S FORWARD PLAN

This is the Leader of Council's provisional forward plan for the four months starting July 2019. It provides an indicative date for matters to be considered by the Executive. Where possible, the Executive will keep to the dates shown in the plan. However, it may be necessary for some items to be rescheduled and other items added.

The forward plan is published to publicise consultation dates and enable dialogue between the Executive and all councillors, the public and other stakeholders. It will also assist the Council's Overview and Scrutiny Panel in planning their contribution to policy development and holding the Executive to account.

Local authorities are required to publish updated forward plans on a monthly basis. The Plan is published in hard copy and on the Council's website (www.southhams.gov.uk)

Members of the public are welcome to attend all meetings of the Executive, which are normally held at Foliaton House, Totnes, and normally start at 10.00 am. If advance notice has been given, questions can be put to the Executive at the beginning of the meeting.

The Executive consists of six Councillors. Each has responsibility for a particular area of the Council's work.

Leader of the Council – Cllr Judy Pearce

Deputy Leader - Cllr Hilary Bastone

lead Executive Member for Health and Wellbeing – Cllr Jonathan Hawkins

lead Executive Member for Communities and Enterprise – Cllr David May

lead Executive Member for Environment – Cllr Keith Baldry

lead Executive Member for Customer Service Delivery – Cllr Nicky Hopwood

Further information on the workings of the Executive, including latest information on agenda items, can be obtained by contacting the Member Services Section on 01803 861185 or by e-mail to <a href="mailto:democratic.services@southhams.gov.uk">democratic.services@southhams.gov.uk</a>

All items listed in this Forward Plan will be discussed in public at the relevant meeting, unless otherwise indicated

# Agenda Item 8

Report to: **Overview and Scrutiny Panel** 

Date: **11 July 2019** 

Title: Assets Register

Portfolio Area: Enterprise: Cllr May

Wards Affected: All

Urgent Decision: N Approval and Y

clearance obtained:

Date next steps can be taken:

N/A

Author: Chris Brook Role: Head Of Assets Practice

Contact: Email: Chris.Brook@swdevon.gov.uk

#### **Recommendations:**

That the Overview and Scrutiny Panel notes the content of this report and Assets Register in Appendix A.

#### 1. Executive summary

1.1. The Council is an owner of land and property and the Assets Register included in Appendix A lists these out by Ward and Town.

# 2. Background

- 2.1. The land and property holdings of the Council are often fundamental to the Council's ability to make a positive contribution to local communities.
- 2.2. Councillors are entitled to know which land is owned in their wards and more widely within the District and the Assets Register will assist in that endeavour.
- A map based display of the same information can also be accessed via the online portal.

 $\frac{\text{http://gis.swdevon.lan/CNET49APPLIVE/CMPro/Default.aspx?getm}}{\text{ap=true\&scale=1250\&location=286365.583650291\%5e51519.697}}{8394031\&layersidentifier=add0c54ea17849199b086902ff0ddd84\&}\\ \frac{\text{Workspace=GIS+Data}}{\text{Workspace}}$ 

# 3. Outcomes/outputs

3.1 An upto date Assets Register for Councillor use.

# 4. Options available and consideration of risk

4.1 The Assets Register is only upto date at the time of publication, but will be updated annually.

# 5. Proposed Way Forward

5.1 If there is any feedback relating to the Assets Register or ideas that Councillors might want to discuss relating to land, they should be addressed in the first instance to Chris Brook, the Head of Assets Practice.

6. Implications

# Agenda Item 9

Report to: **Overview and Scrutiny Panel** 

Date: **11 July 2019** 

Title: Peer Challenge Progress Update

Portfolio Area: Leader

Wards Affected: All

Urgent Decision: N Approval and Y

clearance obtained:

Date next steps can be taken: Immediate

Author: Neil Hawke Role: Specialist Manager

Contact: neil.hawke@swdevon.gov.uk 01803 861323

#### **Recommendations:**

# **That the Overview and Scrutiny Panel:**

1. notes the progress to date on delivery of the Peer Challenge Action Plan

#### 2. considers:

- a) when it wishes to receive a further update on progress on the delivery of the Action Plan, and
- b) any areas of the Action Plan where a more indepth update is required.

#### 1. Executive summary

- 1.1 In 2018, the Council requested that the Local Government Association ("LGA") undertake a Peer Challenge of South Hams District Council, jointly with West Devon Borough Council in order to identify their strengths and any areas for improvement.
- 1.2 The LGA concluded their review and made a number of recommendations to the Council in its report. The recommendations were considered by a joint Member working group and an action plan was developed.
- 1.3 Significant progress has been made in delivering the proposed actions following the elections in May 2019.
- 1.4 This report provides an overview of the progress to date in delivering the action plan.

## 2. Background

- 2.1 As the Council shares services (and therefore staff) with West Devon Borough Council, the Peer Challenge was a joint review but with individual recommendations for the Governance and Political element of the Council.
- 2.2 A number of the LGA recommendations related to ensuring effective joint working across the two Councils to ensure their future financial sustainability and to set a clear direction for both Councils.
- 2.3 Following Council meetings in February, it was resolved to form a Joint Working Group in order to review the recommendations made by the LGA and to develop an action plan for the Council to implement.
- 2.4 A Peer Challenge Joint Working Group consisting of three Members of both Councils met, supported by officers, on 25 February 2019 in order to consider measures that could be implemented in the coming 12-18 months.
- 2.5 The Executive approved the Joint Working Group's action plan at its meeting on 13 March 2019 (E.85/18).

## 3. Outcomes/outputs

- 3.1 The Peer Challenge action plan is based around 6 headline recommendations:
  - Recommendation 1: Ensuring there is both strategic capacity and direction to enable the Council to effectively plan for and deliver its aspirations into the medium term
  - Recommendation 2: Strengthen the Councils political governance arrangements
  - Recommendation 3: Ensure a continued organisational focus on achieving financial sustainability
  - Recommendation 4: Prepare a viable future accommodation strategy
  - Recommendation 5: Clarify partnership priorities and seek to strengthen key sub-regional partnerships
  - Recommendation 6: Ensure clarity on what the new Information Technology is expected to provide and ensure confidence that it will deliver this
- 3.2 Within each of the headline recommendations are a number of specific actions. Updates on the individual actions are set out in Appendix A to this report (Peer Challenge Action Plan Update June 2019).

# Recommendation 1: Ensuring both Strategic Capacity and direction

- 3.3 This recommendation is about ensuring sufficient capacity and direction within both the elected Membership and the Officer management structures to deliver against the corporate themes.
- 3.4 Ahead of the Peer Challenge the Council had already begun developing its future corporate strategy and themes. The Peer Challenge highlighted that while good progress was being made, it was important that the strategy was underpinned by a sound

- evidence base. The Extended Leadership Team convened a number of officer workshops to develop draft theme delivery plans which were then considered at a full Member workshop in March 2019.
- 3.5 Work on further developing the plans with Members largely stopped during the election period but recommenced in May 2019 following the local elections.
- 3.6 The Executive have considered the draft themes and would like to revisit them before moving to a wider consultation and engagement activity. This is a positive step with Members taking the lead role in developing the priority themes for the Council.
- 3.7 A key recommendation was that the Councils look to develop sufficient leadership capacity to deliver the emerging corporate themes. In February 2019, the Council took the decision to appoint a Chief Executive (to replace the previous two Executive Director roles following the departure of one of the post holders).
- 3.8 The Chief Executive is now taking steps to reconsider the structure of the Senior Leadership Team to ensure that the Council is best placed to focus on its priorities.
- 3.9 A consultation is currently underway which provides all employees with the opportunity to provide their views on the proposed Senior Leadership structure.
- 3.10 At the end of the consultation, a report will be considered by Members later in July 2019 setting out the proposed structure and recruitment process.
- 3.11 Once the recruitment to Senior Leadership Team roles has concluded, a further review of the Extended Leadership Team will commence.
- 3.12 In order to ensure that the Council maximises capacity across the whole organisation, a capacity Audit will be undertaken of all service areas by September 2019 to help inform the Extended Leadership Team structure. This audit will be a 'deep dive' into all service areas to understand the pressure points and develop a clear action plan for addressing them.
- 3.13 It should be noted that this is not simply about considering how many people we have in post. The review will consider:-
  - **Aspirations** What are our purpose and goals (and are they aspirational enough)
  - Strategy How will we achieve our aspirations, do we have clear plans in place? Do services have performance measures in place and are they realistic?
  - Organisational Skills Do our employees have the right skills? If not, how will we develop them? Do we have the right plans in place (financial / operational delivery etc)
  - People –How do we encourage a diverse workforce and elected membership? How do we involve our elected Members and draw on their expertise and knowledge?
  - **Systems and Infrastructure** Is our governance effective? Do we have the right ICT and asset infrastructures in place? How do we recruit, develop and retain our staff? Do we manage our projects in a structured way? Are there clearly

- defined policies and procedures to enable people to work effectively and consistently
- **Organisational Structure** Are people clear on their roles? Do we have lots of vacancies or areas where turnover is high? Is our structure fit for purpose with clear reporting lines and defined areas of responsibility?
- **Culture** Within our services do we have shared beliefs and values? Do we recognise good performance and is it linked to the ability to progress within the organisation?
- 3.14 The review will consist of an initial self-assessment by Heads of Practice which will be considered by a panel of Senior Officers in order to provide 'critical friend' challenge.
- 3.15 Once complete, along with the customer satisfaction survey and annual staff survey, we will have a powerful set of data to make informed decisions about developments required within each service area.

# Recommendation 2: Strengthen the Council's political governance arrangements

- 3.16 The 2019 local election saw 15 new Councillors elected to South Hams District Council. The Council has appointed a new Leader and Deputy Leader.
- 3.17 Work commenced in 2018 to ensure that a thorough Member induction programme was developed. A full timetable of induction sessions was in place and available to prospective candidates during the pre-election period.
- 3.18 The induction programme was developed with input from Members, officers and support from the Local Government Association.
- 3.19 The Induction sessions have been well attended and the feedback received has been largely positive.
- 3.20 We are now looking to consider further Member training and development for the next 12 months.
- 3.21 Role profiles have been developed for Members which set out the expected skills and knowledge required. Following discussions with the Leader, the Democratic Services Manager will be arranging a meeting with the representative from the Devon Member Development Service to consider developing a skills framework linked to the role profiles. This will be a joint meeting with West Devon Borough Council.
- 3.22 In respect of considering joint meetings with West Devon Borough Council where there are common areas of interest, this is being considered on a case by case basis.
- 3.23 So far, joint sessions are planned on the Joint Local Plan (July 2019) and Climate Change (Autumn 2019). Members of the Leadership Team continue to actively engage with Lead Members to further identify areas for joint briefing and training sessions.

# Recommendation 3: Ensure a continued organisational focus on achieving financial sustainability

- 3.24 The outline of the Council's financial position has been part of the initial session of Member Induction. More detailed finance training on the Medium Term Financial Strategy is being organised for the week beginning Monday 2<sup>nd</sup> September. This is with an external trainer who is an LGiU (Local Government Information Unit) Associate.
- 3.25 Staff and the Extended Leadership Team have been asked for their ideas to input into the Budget Proposals. The Extended Leadership Team are meeting on 26th June to put forward proposals for Members to consider. A Budget update report will be presented to Members at the 18 July Executive meeting. This will give an update on the financial modelling and ask Members for a recommendation to Council on the level of Council Tax Support Grant payable to Town and Parish Councils for 2020/21 onwards.
- 3.26 The Budget Proposals will be part of a Budget Workshop for Members in September (when the Government's Spending Review is likely to be announced) and Members will also be presented with the Medium Term Financial Strategy (at the Executive meeting on 19 September), where Members will set out their strategic intention for all of the different strands of funding available to the Councils
- 3.27 One recommendation of the Peer Challenge team related to engaging with Devon Pensions on the Council's Pension Strategy. The Council's Section 151 Officer has written to Devon Pensions regarding this and will be taking this forward alongside the timetable for the current Triennial Revaluation of the Devon Pension Fund.
- 3.28 In terms of opportunities for investment in commercial property, residential property and council owned asets, the Head of Assets will be seeking to amend the current investment strategy so that we can consider investments in the renewable energy sector. This will increase the scope for commercial investment and also align with our current commitments around climate change.

## Recommendation 4: Prepare a viable future accommodation strategy

- 3.29 South Hams has drastically reduced its require office space by enabling its workforce to work from home, known as 'Agile' working. Large parts of Foliaton House are now let to tenants which generates an income for the Council.
- 3.30 The Peer Challenge recommended that the Councils consider both the short term and longer term accommodation strategy for discussion with Members.
- 3.31 The Head of Assets Practice continues to address this recommendation through Member working groups and will report back on findings in September 2019.

## Recommendation 5: Clarify partnership priorities and seek to strengthen key partnerships

- 3.32 The Peer Challenge team felt that the Council has been largely internally focused for the past 3-4 years and therefore not potentially maximising the benefits of engaging with partner organisations . It was acknowledged that this was largely to be expected as the Council embedded its new structure and ways of working.
- 3.33 The Commissioning Manager is currently undertaking a review of partnerships and a report is scheduled to be considered by Executive in September 2019.
- 3.34 The Senior Leadership Team regularly meet with the Senior Management teams of neighbouring authorities to identify areas where we could work together. We are currently exploring opportunities to consider joint apprenticeships for hard to recruit posts as well as having discussions with other Councils to identify any areas for gaining synergy with contracts and therefore reducing costs all round while maintaining the require service level.
- 3.35 The Council is currently looking to engage more with Town and Parish Councils to try to improve communications and raise awareness to better enable residents to report issues such as dog fouling, overflowing bins etc. This is still in its early stages but will be a positive step and ensure that there is a more joined up approach to addressing problems.

# Recommendation 6: It will be essential to ensure clarity on what the new IT is expected to provide and confidence that it will deliver this

- 3.36 To underpin the transformation of its serices, the Council entered into a contract to provide an IT platform with the aim of increasing customer ability to self-serve and enabling our case managers to get a single view of the customer reducing double handling etc.
- 3.37 This IT platform (known as W2), helped the Council to achieve the savings through its transformation programme. The contract is however coming to an end and the Council needs to consider what IT solutions it needs to ensure it remains in the medium term.
- 3.38 An assessment of the current IT systems has been undertaken along with a number of review sessions with staff and Members in order to understand the limitations of the current technology.
- 3.39 The findings of the review sessions were considered in a workshop with the Senior Leadership Team and the Head of IT Practice with the output being a number of "Technology Principles" and a preferred way forward.
- 3.40 A detailed report setting out the preferred way forward for the future IT platform will be considered by Council in July 2019.

#### **Summary**

3.41 The report demonstrates positive progress in achieving the action plan since it was agreed four months ago and the action plan sets out further actions that will be delivered over the next 12 months.

- 3.42 Monthly progress updates will be provided to Senior Leadership Team via the Councils Programme Board (which oversees all corporate projects) and we will provide short updates on further progress through the Member bulletin.
- 3.43 The Local Government Association best practice is for a smaller team to visit the Council to see what progress is being made. The Council will arrange with the LGA for a review of progress to be undertaken in Autum 2020.

#### 4. Options available and consideration of risk

- 4.1 The action plan has been agreed by Members and as such this report provides an update on delivery of that plan.
- 4.2 Many of the items within the action plan will be subject to separate reports, however consideration should be given to how frequently Overview and Scrutiny Panel require updates. It is recommended that the next update be in three months time given the number of actions that have September due dates.

#### 5. Proposed Way Forward

5.1 To agree the progress made to date and confirm when a further update is due along with any areas where the Panel would consider a more in depth update.

6. Implications

o. milpiications					
Implications	Relevant to proposals Y/N	Details and proposed measures to address			
Legal/Governance	N	No direct implications – the report provides an update on an action plan previously agreed by Members			
Financial implications to include reference to value for money	N	No direct implications – the report does set out a number of actions being taken to contribute to the future financial sustainability of the Council however no decision is being made on these in this report.			
Risk	Y	The main risk is capacity and pace to deliver the actions in line with the action plan. There is a significant amount of work to be undertaken in a short space of time however project plans are in place to manage progress and this will be reported through the programme board to SLT on a monthly basis.			
Supporting Corporate Strategy	Y	Overall the Peer Challenge recommendations contribute to the Council Efficiency theme howeer they cut across all strands of the Corporate Strategy			
Comprehensive Im	Comprehensive Impact Assessment Implications				

Equality and Diversity	N	None
Safeguarding	N	None
Community Safety, Crime and Disorder	N	None
Health, Safety and Wellbeing	N	None
Other implications	N	None

		3.9 Keep all Members updated on changes to the Local Government Finance System (e.g. New Homes Bonus and Negative Revenue Support Grant) that will be announced as part of the Spending Review for 2019		Group Manager Strategic Finance	Ongoing	25/06/2019 - The S151 Officer will keep Members updated on any announcements regarding changes to the Local Government Finance system as they are announced.	
		3.10 Continually monitor the savings plans for 2019-20 to ensure these remain on track	year	Manager Strategic Finance and Finance Head of Practice		24/06/2019 - Savings plans are monitored on a regular basis with budget monitoring reports regularly provided to budget holders. Finance Head of Practice is closely monitoring with members of ELT	
		3.11 To review all Partnership Grants for 2020/21	2019	Commissionin g Manager and Head of Finance Practice	Ongoing	28/06/2019 - A report to review all Partnership Grants for 2020/21 is on the Forward Plan to be considered by Executive on 19th September	
7		3.12 Continue to explore opportunities for investment in commercial property, residential property and council owned assets. Individual projects will have their own timetable and project plan (setting out key dates)		Head of Assets Practice	ongoing	31/03/2019 - This is ongoing - funding for the 2019/20 Capital Programe has been approved and borrowing strategy in place  24/06/2019 - Projects are progressing in accordance with each projects timescale. An updated commercial property strategy is on the forward plan for consideration at Executive on 18th July 2019	
		3.13 Develop proposals for income generation through charging for discretionary services or consultancy – such as the successful HR consultancy delivered to other Councils	May 2019	Customer First Specialist Manager	ongoing	31/03/2019 - Draft proposals have been developed and will be considered by the Senior Leadership Team. The Council has a £20,000 income target for 19/20 for this type of income  27/06/2019 An income opportunities register has been created and proposals collated and prioritised in line with the adopted Risk and Opportunities Policy. Proposals have been assessed against a range of criteria and are now being progressed where considered to be profitable. Equally a number of proposals have been parked at this stage. The register has been used to inform budget setting through ELT although it is envisaged that a number are more likely to produce a return in 20/21.

#### **Recommendations:**

That the Overview and Scrutiny Panel notes the Frontline Services Waste Procurement Project Close Report and makes any necessary recommendations.

#### 1. Executive summary

- 1.1 South Hams District Council took the decision to enter into a three-stage procurement project for its Frontline Waste Service. This took place over a 14 month period concluding with a Full Council Decision in December 2018 which resolved that the Council award a contract to a private sector bidder, FCC Limited.
- 1.2 South Hams District Council awarded the contract for its Frontline Waste Collection, Street Cleansing and Public Convenience Cleansing Services to FCC commencing on 1 April 2019.
- 1.3 In order to support the procurement project for the Frontline Waste Service, a Project Team was established together with a Project Board.
- 1.4 Throughout the procurement process, the Project Team sought guidance and approvals at strategic stages of the project from a Member led Project Board. The Project Board's terms of reference were set out in a Memorandum of Understanding and the Project

- consisted of 3 members from South Hams District Council and 3 from West Devon Borough Council including the Deputy Leaders from both authorities.
- 1.5 This report provides an overview of the project detailing the successes, lessons learnt and the realisation of any immediate benefits.

#### 2. Background

- 2.1 This project was required in order for the Council to continue to provide high quality, statutory services in relation to refuse collection, recycling, street and toilet cleansing services for both Councils, while ensuring that they remained cost effective.
- 2.2 The commissioning process allowed South Hams to benchmark historic in-house costs against the market to ensure that best value for service provision was achieved in terms of both cost and quality.
- 2.3 The Project commenced with the issue of the Official Journal of the European Union (OJEU) notice in November 2017 and was completed with the Full Council decision in December 2018.
- 2.4 The project was allocated a budget of £125,000 to take both South Hams and West Devon through the procurement stages.
- 2.5 The Project Scope included a number of objectives:-
  - 2.5.1 Inform Council on the options for future provision of the service;
  - 2.5.2 Ensure the final service specification accords with current legislation and is flexible to respond to any future statutory requirements;
  - 2.5.3 Continue to provide competitive, high quality waste and cleansing services infrastructure for residents and visitors;
  - 2.5.4 Improve on the current recycling rate where possible;
  - 2.5.5 Ensure that value for money is achieved;
  - 2.5.6 Improve the quality of service through greater use of technology which better meets the requirements of customers and integrates with existing systems where necessary, subject to affordability;
  - 2.5.7 Address specific priority issues and aspirations identified by internal and external stakeholders, subject to affordability;
  - 2.5.8 Work towards the future aims of The Waste and Resource Management Strategy for Devon including working towards the 'aligned service'.

#### 3. Outcomes/outputs

3.1 The project was delivered on time, hitting all Project Milestones.

3.2 The joint project exceeded the budget by £40,000 with a total spend of £165,000. 3 stage Competitive Dialogue procurements are generally longer than normal procurement exercises thus can cost more but can lead to better overall outcomes as it enables the Council to work with bidders to develop its final solution. An overall budget of £125,000 was optimistic given the known costs. To put this into context, the cost of running the procurement exercise for one authority alone (West Devon) 10 years ago was £125,000. Due to the advantages of joint working both authorities were able to benefit from sharing the expenditure proportionally.

Comparison of Budgeted to Actual Expenditures – Budget of £125,000 against projected spend £160,625						
Budget Item	Actual Costs to Date	Estimate to Complete	Total Estimated Costs	Forecast Actual Expenditure to end		
Specialist Advisor	96000	0	96000	96000		
Legal Support	35585	2915	38500	38500		
Other Expenditures	26125	0	26125	26125		
Other Expenditures include supplies, materials, training courses, addition Officer resource etc.						

- 3.3 Project Controls The higher level project management strategy worked very effectively allowing the Project Board to perform the 'Gatekeeping' and 'sign off' function at key stages of the project. This provided check and balance whilst ensuring Member involvement and engagement throughout the life of the project. The project board consisted of 3 elected members from both Councils which met on a monthly basis.
- 3.4 The expected and unexpected Project objectives that we can measure in the short term have been delivered.
  - a. Increase in Council Officer capacity enabling reprioritisation of resources.
  - b. Proposed restructure of Senior Leadership Team responsibilities to focus on the Councils current priorities (i.e. a Director of Place and Enterprise rather than Commercial Services)
  - c. Plan in place to move towards the Devon aligned service. For South Hams a complete service change to be introduced in September 2020.
  - d. Comprehensive set of Service Specification documents.
  - e. Robust contract Management process in place.
  - f. A constituted Partnership Board in place.

- 3.5 The Project delivered a competitive tendering process which gave an outcome which provided both Authorities with significant financial savings over the life of the contract.
- 3.6 The Project delivered on time a signed services contract with all of the associated asset leases.
- 3.7 The Project was recognised by the LGA with the recent 'peer review' report singling The Waste Procurement Project as an exemplary piece of work.
- 3.8 The Project team were shortlisted for corporate team of the year award in recognition of their work.

#### 4. Residual project risks

4.1 Due to the size of the procurement, the project held an extensive risk register and some tasks have not been completed. The 3 outstanding project risks that are currently being managed by the Project Manager are detailed below

Risk	Impact	Mitigation
Not completing the installation of the IT solution which was not fully in place for the Contract start date.	Provision of Management Information and service reporting/resolution not in line with required service levels.	Closely monitor and challenge IT project plan through to a conclusion.
Not having a construction contract in place for the works the Ivybridge depot.	No legally binding agreement in place to modify the Ivybridge depot to support the service change in Sept 2020.	Draft construction contract with FCC to consider and a deadline to have this in place by End of Summer
Not completing the outstanding schedules within the main contract (i.e. Admissions agreement, Business continuity plan).	Although the main Terms and Conditions are signed final 2 outstanding schedules have not been signed off by both solicitors.	Pursue Devon County to answer outstanding queries (Admissions agreement). Business continuity due from FCC by 1 <sup>st</sup> August.

4.2 For the full Project Risk Register see Appendices B and C

#### 5. Lessons Learnt and measure of Satisfaction with the project.

- 5.1 A record of all the lessons learnt were recorded throughout the project lifecycle. See Appendix D for the lessons learnt log. This will inform future Projects to ensure a greater success rate.
- 5.2 On the completion of the project an anonymous 'survey monkey' questionnaire was sent out the Project team, Project Board and the wider membership. See Appendix E for the list of responses.

## 6. Implications

Implications	Relevant to proposals Y/N	Details and proposed measures to address
Legal/Governance	N	There are no direct Legal or Governance issues associated with this report. Legal and governance issued where addressed throughout the process at the appropriate time on the Project.  The Overview & Scrutiny Panel is responsible for
		oversight of the Council's performance including specific projects.
Financial implications to include reference to value for money	N	There are no direct financial implications to this report.
Risk	Y	There are some outstanding risks which are being monitored by the Project Manager and Head of Waste Practice as set out in paragraph 4 above.
Comprehensive Im	pact Assess	ment Implications
Supporting Corporate Strategy	Υ	Efficient and Effective Council
Equality and Diversity	N	There are no Equality and Diversity implications
Safeguarding	N	There are no safeguarding implications in this report
Community Safety, Crime and Disorder	N	There are no Community Safety, Crime and Disorder implications
Health, Safety and Wellbeing	N	There are no Health, Safety and Wellbeing Implications
Other implications	N

	(linked to 2.4)						that this is not a project risk at this point				

Red - These risks can have a significant impact on the business or project and must be managed by the project board or service management team. Mitigations must be in place and managed to ensure that the risk is not realised or can be controlled

Amber - These risks need to be managed to prevent them causing an impact on the business or project. Clear plans with owners need to be in place and they should be managed by the project team or service leads on a regular basis

Green - These risks have low impact and/or low likelihood of occurring. Have a plan to prevent them escalating but only light touch monitoring required

#### Risk Register Template

Risk Owner

Treatment

D This is the unique reference for the risk - typically number 1,2,3 etc

Risk description This should explain fully what the risk is, standard format would be "The risk is that..... which could lead to......which

would result in......" Do not use this section to exaplin what you plan to do to prevent the risk from happening

This person needs to be in a position where they can make agreements , spend money or take whatever action is

neccesary to prevent the risk from occuring

Likelihood Score 0-5, what is the likelihood as at the date the risk is identified of the risk occurring if we do nothing at this stage?

Impact Score 0-5, what impact would it have on the project or service if it did happen

Risk rating This automatically calculates and is Likelihood x Impact

Proximity When is the risk likely to become an issue - imminent, 1 month, 6 months, 1 year etc

What can you do about the risk to prevent or reduce the likelihood of it occuring? 1) Avoid - can you take any actions which would prevent the risk from becoming an issue - maybe stopping doing something, changing the way things are done etc 2) Transfer - can we transfer the risk to someone else outside of the project / service? Typical examples would

be to insure for loss of equipment etc - therefore transferring the risk to the insurance company 3) Mitigate - If we cannot

avoid or transfer the risk then we should consider mitigating actions - these are actions which reduce the impact of likelihood of a risk becoming an issue. 4) Accept - sometimes we just have to accept a risk (although this should be a last

resort option!)

Mitigations Here you should capture mitigating actions and regularly review them to ensure that they are happening

Update Here you should keep a track of any updates - this is the section which will be provided to the project board / service

management team

Page 63

Likelihood	Impact
1- Unlikely to occur under normal circumstances 2- Potenial to occur however likelihood remain low	- Very low impact to delivery     - Minor impact to service delivery with potential for some financial / reputational implications
3- Likely to occur 4- Most likely to occur	3 - Impact on service delivery and financial / or reputational implications 4 - High impact on service delivery resulting in services / resources being unavailable for a long period
5 - Almost certainly will occur	5 - Severe impact on service delivery resulting in closure of some services / ceasing of project and / or significant financial and/or reputational implication

ID	Description	Priority (Select from drop)	Date Logged	Logged By	Action Owner	Latest Update	Closed Date	Status (Select from drop down)
P001	Project Board require base line docs (PiD, Project Plan, Risk Reg etc.) in paper format. Reading a large amount of documents on an IPad is very difficult and the Board didn't like it.	Low	02/10/17	Justin	Justin	Large docs will in future be sent in paper format.		
P002	Electronic Voting isn't compatible from Microsoft outlook to Apple IPads. When I sent the first opportunity to the Board to vote electronically it didn't work.	Low	02/11/17	Justin	Justin	Don't use this form of voting.	02/11/17	Logged
P003	Secure' Mod.gov Project group can be set up for members to receive project paperwork.	High	16/11/17	Justin	Justin	All seems to work fine although be careful as IPad don't pick up colours on highlight reports and risk registers.	16/11/17	Logged
P004	Using Survey Monkey to provide feedback on the project process seems to work and is a great way for receiving feedback anonymously	Low	16/11/17	Justin	Justin	Survey Monkey to be used at key stages of the project to inform and improve the next phase.	16/11/17	Work In progress
P005	Internet issues - Both councils internet and Network access went done during the Moderation of the initial SQ's. This meant accessing our secure filling structure was extremely difficult.	Medium	14/12/17	Justin	Justin	This was seen as something which was unavoidable unless the had a paper copy of everything, which goes against the Councils agile working policy.	Yes	
P006	Standard Questionnaires' form needs to be re-formatted allowing bidders to input information in whilst being readable to the moderator (Q6 - references)	Low	14/12/17	Justin	Lucy	Lucy has ammend the SQ form for future use.	14/12/17	Closed
P007	Clarifications Indicate who will be reasonable for reasonading this							
P008	Clarifications - Indicate who will be responsible for responding, this should be in line with the responsible docs person list.	Medium	28/02/18	Justin	Justin		Yes	
P009	Clarifications - Agree a 'service standard' i.e. response to clarification from officer within 48 hours.	Medium	28/02/18	Justin	Justin		Yes	
P010	Moderation - Ensure those assessing the Quality element, don't see the Price element until they have finished scoring.	High	25/02/18	Justin	Lucy	Process has been changed to suit.	Yes	
P011	Look at Council reporting structure and ensure this falls inline with Project Board meeting dates.	Medium	28/02/18	Justin	Justin		Yes	Closed
P012	Dialogue Days - Clarifications must be sent through the Portal to ensure there is an audit trail.	Medium	03/04/18	Natalie	Natalie	This wasn't really adhered to which left a slight uncertainty on whether all questions that were asked were answered.	Yes	
P013 T		Medium	04/04/18	Justin	Justin	Weekly meetings booked in through the Detailed solutions stage to clear up outstanding clarifications. Worked really well.	Yes	Closed
P013a	Send outstanding clarifications to the meeting attendees 48 hours before the clarification meeting so preparation can be carried out.	Medium	19/06/18	Justin	Natalie		Yes	
P014 O	Detailed solution presentation by the bidders to all of the project team and not just the evaluation team to create greater understanding by the project team.	Low	20/05/18	Justin	Justin	Need to ensure project team are aware of the	Yes	
P015	Project Board to receive the Procurement Paperwork in Paper format (except the appendices) and not through electronic means as the Council does not have a system that the Project Board are comfortable using i.e. None of the members have 'Egress switch'.	Medium	25/05/18	Justin	Justin	Agreed at the board to provide procurement docs (except appendices) in paper format on the next occasion.	Yes	
P016	Member drop in sessions 'surgery style' to try and ensure we give the members every opportunity to ask questions about the procurement process.	Medium	10/06/18	Justin	Jane	This is a series of 'mop up' sessions that are over and above the informal Council sessions which are the main method of communicating project updates.	Yes	
P017	Review of moderation team to ensure the right people are moderating the right areas also to include the specialists in areas where new method statements have been added such as Health and Safety and Fleet management.	Medium	10/06/18	Justin	Lucy	This has reduced the work pressures on some people are moderating areas of their expertise. E.g. lan Luscombe and Health & Safety.	Yes	
P018	Gain ceiling prices for the Consultants/legal coast	Medium	01/07/18	Justin	Neil/Justin	WYG have provided this and Andrew Ogalo has been requested to provide this.	Yes	
P019	FAQ's raised from the informal council meetings and from the drop in sessions should be collated and displayed on members area of the intranet.	Medium	17/07/18	Justin	Justin/Natalie	Complete	Yes	
P020	More detailed financials session required for the board members in the final tender stage so they can make an informed decision.	High	01/08/18	Justin	Justin	Organised for the next stage of the project	Yes	
P021	Email docs to Board Members well in advance of the Board meeting and then give them any document modifications in the form of a word table so this gives time to consider what they are being asked to read.	Medium	01/09/18	Justin	Justin	Seemed to be well received by members.	Yes	
P022	Q&A sessions before SH Full Council allowed Members to ask questions to calm any concerns they may have before debate in Full Council	Medium	07/12/18	Justin	Jane		Yes	
P023	Pre-planned press statements for all possible outcomes allowed us to react swiftly in updating staff and press on the outcomes of the Council Decision.	High	07/12/18	Justin	Helen/Lesley		Yes	
P024	There were various occasions througout the project that we struggled to ensure we had quarate and on some occasions were were unable to be quarate which meant decisions could not be taken.	Medium	30/04/19	Justin		It is essential that Members accept the appointment knowing what the commitment is. When the West Devon members are appointed in the new Council I suggest that, as well as informing them of the scheduled dates for the forthcoming year (eighteen months?), they be asked to confirm availability immediately so that if there are dates they are unavailable they may be adjusted. That should make it difficult to be unavailable at short notice later on.

#### What aspect of the project has gone well?

Please provide a short paragraph

Planning has been exemplary, in my view, and documentation has been clear, useful and sufficient. The group worked well together. Officer support has been fantastic.

I feel that we were always kept regularly informed as the project progressed

the outcome

Feedback to and from the depot. It's been good to have reliable up to date information and proper details of what is going on on the ground. I haven't been a regular attender or an official member of the group, but it seems to me this has been the main benefit of the group. our participation in the outsourcing contract ahs been very limited.

it ran on time throughout the whole process. We complied with all aspects regarding legal tendering. Members kept fully briefed and involved at all stages. The end contract achieved critical financial benefits

The project was very well co-ordinated, kept to time, and had a very successful outcome. Key risks were mitigated effectively. Project documentation was comprehensive. It was an incredibly thorough piece of work.

Co-ordination of the project and key staff team work across the project was excellent. Member input was also really strong - and in the appropriate amount at the right time. The project was timely and on budget. The success of the project was highlighted by the peer review team and could be used as a blueprint for the future.

The project has kept to the timescales set out within the original project plan and has also delivered the much needed savings. Everyone has done their outmost to ensure the smooth running of this project. The project meetings have kept the project on track and ensured tasks were completed on time.

Regular meetings were held weekly to ensure actions were completed in a timely manner. Actions and time frames were provided to owners of the tasks and most were completed on time

Co-operation between the 2 authorities. The Officer hard work above and beyond reasonable work load

All of it

Good adherence to timescales. Project on track, well managed and documented

Kept to timetable, thank to officers' tremendous effort

the regular meetings and co ordination of clarifications etc from Justin and Natalie have been great and ensured the information needed is clear and kept on track for all involved.

So far as I'm concerned .....everything

#### In your opinion what would of made the project even better?

Please provide a short paragraph

There were some points where legal support seemed to be a little disjointed and "out of the loop". However, everything seemed to go really well, to me.

i would have liked more updates on the progression of the project to get a better understanding of how the conclusion was arrived at

More direct involvement in the outsourcing contract would have been beneficial to the group. Sometimes it wasn't clear that our message got through to officers e.g. about using social media only re Christmas wrapping paper.

Difficult to think of anything!

The workload and pressure on key officers was extremely intense and left other areas of the organisation under-resourced or under pressure at key times in the process. We should consider building in more officer resource into the costs for future projects.

The project was tight on resources - we spent less than most single councils would and carried out BAU at the same time. This undoubtedly put strain on the day to day service and some individuals - so either more time or more resources would have made the task more manageable. Some support services did not engage with the project or the process as fully as others - this did cause pressure on colleagues or support work being carried by specialists. a clearer plan for expectation and engagement - and a clear sense of prioritisation of work and who support tasks were allocated to would help. The ability for the project lead to go straight to the support task owner rather than through another HoP would also assist.

Difficult to say as I feel this project has been exemplary. It would have been better to have had slightly more time between the tender results coming back in and having to write the reports to Members. The timescales were met as Members and staff went above and beyond to meet the tight timeframes.

Individual CoP leads managing their own areas of work in collaboration with the service once actions had been tasked

I regret the decision to privatise, which was not proved to my satisfaction.

Nothing as far as I am concerned.

Maybe better communication with Members over dates of working group meetings etc to ensure attendance.

More than 2 bidders. Attendance at Project board meetings. Low threshold to be quorate

I think the project has worked well. Time restraints due to other work pressure have made it challenging at times but overcome.

As said I'm totally happy with how it's been handled so far.

### Do you have any other comments, questions, or concerns?

Please provide a short paragraph

No

Very happy with the officer input and contract outcomes as per target.

Not really. I'm afraid I didn't attend regularly enough to get a real handle on the thread of things.

Just to say "thank you" - job well done!

I was incredibly proud of all the team achieved in the project period. Key staff worked above and beyond to make the procurement and the associated work timely, high quality and efficient. Everyone involved should be really pleased with the results - it was a phenomenal effort.

I have pleased that the Peer Review team acknowledged the success of this project and I agree that this is a model that we could package and almost sell to other Authorities as best practice.

A six member board was not always quorate because some Members did not attend, nor notify their non attendance.

No

No - all good thanks! S

Worried about South Hams staff possible reaction

personally I think they way it has worked and been co ordinated has worked extremely well

No

# Agenda Item 11

Report to: **Overview and Scrutiny Panel** 

Date: **11 July 2019** 

Title: ICT Resilience Update

Portfolio Area: Support Services – Councillor N Hopwood

Wards Affected: All

Urgent Decision: N Approval and Y

clearance obtained:

Author: Mike Ward Role: Head of IT Practice

Contact: mike.ward@swdevon.gov.uk 01803 861310

### **Recommendation:**

1. That the Panel note the progress made to date in maintaining resilient IT systems and networks since June 2018

### 1. Executive summary

- 1.1 Resilient IT systems are critical to the Council in delivering its services and to enabling its staff to work in an agile way. It is the service that enables all officers and Members access to information and communications tools.
- 1.2 Maintaining resilient systems is the responsibility of the IT Community of Practice, supported by the IT Service Desk (where issues are captured when reported)
- 1.3 An update was previously provided to the Panel in June 2018 with a resolution that a further update be provided in twelve months' time.
- 1.4 This report is an update on both the work completed and currently planned which serves to further improve the resilience of the IT service and availability times.
- 1.5 Good progress has been made so far with further actions planned as set out in this report.

### 2. Background

- 2.1 The IT Community of Practice is responsible for delivery and availability all back office software, email, Skype and telephony, networking, connectivity, remote access and security.
- 2.2 The previous IT (28 June 2018 O&S7/18) resilience report detailed the following work as "in progress".
  - 2.2.1 New Internet link to Kilworthy Park (West Devon Borough Council head office) which would allow continuity of access and telephony in the event that Follaton House loses Internet connectivity.
  - 2.2.2 The specification and purchase of new, more fault tolerant core network switches (devices which push data around our network) to replace current aging equipment.
  - 2.2.3 Commissioning of new web filtering system to protect internet users from malicious sites.
- 2.3 The following work was detailed as "planned"
  - 2.3.1 Following a period of evaluation and consultation, the migration of members email to cloud hosted Microsoft Office365 allowing more freedom of access without compromising security.
  - 2.3.2 The implementation of an application architecture refresh for the Civica Software to improve response speed and availability.
  - 2.3.3 Following the successful response to the severe weather, we will ensure that procedures are in place so that the Council is continuously ready to respond in a similar way whenever officer access to Follaton House or Kilworthy Park are compromised, with office systems and telephony uninterrupted.
  - 2.3.4 Conduct a Business Continuity rehearsal to ensure the requirements of the Organisational Business Continuity Plan are met.

### 3 Outcomes/outputs

### Progress to date is as follows

- 3.1 The new Internet link was successfully commissioned giving speeds of 0.5 GB/sec The enables us to replicate data backups to Kilworthy Park every 2 hours.
- 3.2 In all, 26 core network switches have been replaced with new more fault tolerant devices and there have been no network issues since. Other configuration changes have also improved speed and reliability.
- 3.3 The new web filtering software was successfully commissioned.

- 3.4 Implementation of the new Civica load balanced platform architecture is partially complete and it is planned to finish this work by the end of August 2019.
- 3.5 Given the organisation's dependence on remote access to deliver services, an order was placed in June 2019 to purchase an additional Pulse Secure remote access appliance which can be utilised as both a test device and a live failover in the event of a fault developing in one of the existing pair of devices. This will help to mitigate against the issues recently experienced where the Pulse system occasionally failed on computers. More detail on this is set out in the report to Panel on 13 June 2019 (Agenda Item 9)
- 3.6 The Microsoft Office 365 programme was temporarily halted due to staffing resources being prioritise to build a new Intranet platform then migrate existing content and train content authors.
- 3.7 Business continuity rehearsals have been conducted with systems and data successfully being restored to facilities in Kilworthy Park, but the exercise has highlighted the need for additional hardware at the site to deliver an acceptable level of performance.
- 3.8 Further work is required to ensure the requirements of the business are met and system recovery times are agreed.

### Additional work in progress or completed

- 3.9 In addition to the work proposed in the last report, the following work further provides additional reassurance, enhances the resilience of the IT service.
- 3.10 The IT CoP regularly publicises the risk Malware poses to the organisation, provides information and training on how to identify it, and tests officers' level of knowledge by delivering face to face training, sending out educational emails and phishing tests.
- 3.11 We have installed and are currently configuring a new network storage device to replace the existing aging file storage device which hosts staff files and data.
- 3.12 Currently upgrading Exchange server and Exchange architecture to improve maintenance and recovery times.

  This also prepares for migration to Office 365 when required.
- 3.13 Regular IT health checks are undertaken which are conducted by accredited external companies. These are annually commissioned standards tests of system security, designed to asses our suitability for connection to government networks.
- 3.14 We received a "Good Standard" in the Cyber Security Report from Devon Audit Partnership
- 3.15 Increased speed of internet connection from 100Mb to 1GB allowing greater connection capability.

### **Current Performance**

- 3.16 The IT COP maintains statistics around network and application availability. Appendix A shows a selection of server uptime statistics for main business systems. Server uptime is considered to be very good. The downtime included in the reports includes that which occurs as a result of planned, out of hours or overnight down time
- 3.17 When officers report issues which are affecting their productivity, it is generally a client application issue which we address by ensuring we are continuously testing and deploying current releases of applications such as W2 and APP

### 4 Options available and consideration of risk.

- 4.1 The programme of improvements above contributes to reducing the risk of service interruption and to ensure the solutions meet the requirement of the Councils business continuity plan.
- 4.2 Where risks are identified, they will be entered in the corporate risk register for consideration.

### **5 Proposed Way Forward**

5.1 To continuously work towards reducing risk to business continuity by researching and implementing hardware, software and process improvements.

### 6. Implications

#### RECOMMENDATION

That the Panel RECOMMEND to the Council that the Annual Report for 2018/19 be approved.

### 1. Executive summary

- 1.1 It is a constitutional requirement for the Overview and Scrutiny Panel to report annually to full Council on its workings and make recommendations for future work programmes and amended working methods (if appropriate);
- 1.2 As a consequence, the Panel's draft Annual Report is presented at Appendix A.

### 2. Background

2.1 The last financial year has been one of significant change for the Council and the Panel has played a key role during this year in taking stock of the key issues, successes and challenges that have been met by the Council and how these have been addressed.

### 3. Options available and consideration of risk

3.1 Not only is it a constitutional requirement for the Overview and Scrutiny Panel to produce an Annual Report, but it is also recognised as being good practice to do so.

3.2 Whilst an alternative to the report could be a verbal report from the Chairman of the Panel, it is considered more appropriate to have a formal written document accessible to the public and published on the Council website.

### 4. Proposed Way Forward

- 4.1 It is proposed that the contents of the Report be approved.
- 4.2 Members' views on the presentation and content of the report would be helpful to inform and shape future Annual Reports.

### 5. Implications

Overview and Scrutiny

**Annual Report** 

# Foreword from the Panel Chairman

Cllr Michael Saltern

Chairman of South Hams District Council Overview and Scrutiny Panel

In presenting the Annual Overview & Scrutiny Report for 2018/19 I would like to draw attention to the newly published guidance for Overview & Scrutiny Panels which was released May 19.

### 2019 statutory guidance

It recommended that authorities should operate an assumption of transparency towards overview and scrutiny committees, and highlights 10 principles that would help to develop a supportive culture

- Recognising scrutiny's legal and democratic legitimacy
- Identifying a clear role and focus
- Ensuring early and regular engagement between the executive and scrutiny, for instance via a work programme
- Managing disagreement, particularly over party politically contentious issues, for example via an executive-scrutiny protocol
- Providing the necessary support, including access to resources and to senior officers where appropriate. County and unitary authorities are required to appoint a statutory scrutiny officer;
- Ensuring impartial advice from officers
- Communicating scrutiny's role and purpose to the wider authority
- Maintaining the interest of full Council in the work of the scrutiny committee: ensuring that there is a link between full council proceedings and overview and scrutiny
- Communicating scrutiny's role to the public
- Ensuring scrutiny members are supported in having an independent mindset.32

I highlight this as it is clear that although coming into force just after this year, I can state unequivocally that during the 18/19 year every aspect of this guidance was applied based on the commitment and full respect for their responsibility by each of the Panel Members, Council officers and wider Council Membership.

Attendance by Council members from other Committees was a regular feature and their participation, understanding and interest was clear throughout.

I extend personal thanks to the Panel Members who underpinned the utmost transparency and balance of challenge and support which is so vital to the process. There is a key requirement within the skill set of Panel Members this being "independence of mind" which is essential in fulfilling their role. I commend all of the Panel Members for portraying that requirement throughout the year.

I must conclude with my deep appreciation to the Lead Officer for Scrutiny Mr Darryl White for his efficiency and support for Panel Members throughout the year and all of the officers for their reports, presentations and total commitment to the principles of Overview and Scrutiny.

#### **Cllr Michael Saltern**

# Introduction

We are pleased to present the Overview and Scrutiny Annual Report which outlines our work during the 2018-19 Municipal Year and which provides general information on the overview and scrutiny function at South Hams District Council.

Overview and Scrutiny is a key part of the democratic decision-making process in local councils, where Panel Members can contribute to shaping Council policy, community wellbeing and accountability. The Panel does this by: reviewing Council services and policies, community issues and key decisions and making recommendations for improvement.

The four key principles of Overview and Scrutiny are:

- Provides a 'critical friend' challenge to executive policy makers and decision-makers;
- Enables the voice and concerns of the public to be heard;
- Is carried out by 'independent minded Members' who lead and own the scrutiny role; and
- Drives improvement in public services.

The Panel Members consider these principles when selecting topics to investigate whether it is holding the Executive to account, reviewing policies, policy development or the scrutiny of external bodies.

The Council recognises the importance of the overview and scrutiny function in its governance arrangements and officer support.

The Council's governance arrangements specify that all 31 Members of the Council are considered to be either an Executive Member (of which there are 6); a Development Management Committee Specialist Member (of which there are 12); or an Overview and Scrutiny Panel Specialist Member (of which there are 13).

The lead officers supporting the Panel for 2018/19 were the Council's Group Manager – Commercial Services and the Senior Specialist – Democratic Services.

# Panel Membership

4

# The role of the Overview and Scrutiny Panel

Overview and Scrutiny is a key part of the Council's political structure and it plays a vital role in improving the services that people of the District use – whether a resident, employed here or just visiting. Overview and Scrutiny does not just look at the way the Council does things, it can look at anything which affects the lives of people within the District and it allows citizens to have a greater say in Council matters.

Overview and Scrutiny allows Members to review and scrutinise decisions, look at existing practices and make recommendations to help ensure the residents of the South Hams receive excellent services. The overall aim is to ensure overview and scrutiny adds value to the Council's decision-making process and makes a positive contribution towards policy development.

The detailed terms of reference and procedure rules for the Overview and Scrutiny Panel can be found at: Part 2 – Article 5; Part 3 – Delegation Scheme; and Part 4 – Rules of Procedure of the Council Constitution. The Council Constitution can be accessed via the following link:

www.southhams.gov.uk/
article/3689/Our-Constitution

# Agenda Items – Corporate Priorities

The Overview and Scrutiny Panel met formally on eight separate occasions during the 2018/19 Municipal Year.

In addition, the Panel met jointly with the Development Management Committee on one occasion to consider the draft Budget Proposals (and Fees and Charges) for 2019/20. Due to the relevance of the matter to both Member Bodies, a Performance Update on the Development Management Service was also presented to the Joint meeting.

In considering its work programme, the Committee gave great emphasis to the Council's Corporate Strategy and the six strategic themes, which are shown in the image alongside this text.

The Panel has consequently received a number of reports (and made a number of recommendations) which are linked to these strategic themes. Whilst it is acknowledged that a number of these cut across a number of these themes, for the purpose of this Annual Report, they are aligned to the theme that is considered the most relevant:

### COUNCIL

Delivering efficient and effective services

### **HOMES**

**Enabling homes** that meet the needs of all

### **COMMUNITIES**

Council and residents working together to create strong and empowered communities

### **ENTERPRISE**

Creating places for enterprise to thrive and business to grow

### **ENVIRONMENT**

Protecting, conserving and enhancing our built and natural environment

### WELLBEING

Supporting positive, safe and healthy lifestyles and helping those most in need

# **COUNCIL** Delivering efficient and effective services

0.41	40/40 Pro 1997
Action	18/19 Progress
Civica / IT: Lessons Learnt	The Panel considered a report that sought endorsement of the conclusions of the Civica / IT lessons learnt exercise and the proposed actions and proceeded to RESOLVE that:
	<ol> <li>the conclusions of the lessons leant exercise and the proposed actions be endorsed;</li> <li>and</li> </ol>
	2. in the future for key projects:
	<ul> <li>a. adequate procurement processes and frameworks be put in place (including, if deemed appropriate, the creation of a Member Board) that ensures that the Council maximises the advantages to the Council and its residents; and</li> <li>b. Members and relevant stakeholders be more involved as the project evolves;</li> </ul>
	3. the Audit Committee be asked to examine whether the Council has maximised all the potential avenues outlined in the agenda report.
ICT Resilience Update	Members considered a report that provided an update on the Council's IT systems and the steps being taken to meet the expected Business Continuity requirements of the organisation.
	Such was felt to be the importance of this matter that the Panel noted the contents of the report and requested a further update in twelve months' time.
Review and Effectiveness of Car Parking	In response to it becoming apparent that a number of car parking machines had been broken (and remained unfixed) for a period of time, the Panel received a verbal update in this regard.
Equipment – Verbal Update	During the debate on this matter, it became evident that there were a number of other issues with the contractual arrangements and the Panel resolved that:
	1. it expresses its deep concerns over:
	<ul> <li>a. Whether the current contract remained fit for purpose; and</li> <li>b. The apparent shortcomings in: contract management; inconsistencies of maintenance of equipment; and inadequacy of spare parts held;</li> </ul>
	2. A full report be presented to its 6 September 2018 meeting that addressed each of the concerns raised and the direction of travel in relation to future service provision for Council Car Parks; and
	3. Senior officers be asked to review other rolling contracts managed by the Council to ensure that they each remain fit for purpose.
	Following consideration of the full report, the Panel proceeded to endorse the actions that had been taken by officers and the steps being taken by the Metric Group. In recognition of the issue remaining unresolved, the Panel also concluded that, in the event of the compensatory offer from the Metric Group remaining unsatisfactory, then senior representatives of the Group should be invited to attend a future meeting.
	As a result of Metric Group representatives failing to attend a Panel meeting, it was then resolved that the Executive recommend to Council that officers consider, as a matter of urgency, the appointment of a new company to provide and maintain the Council's Car Parking Pay and Display Machines, with a progress report being presented to a future Panel meeting.

Continuity Plan – Verbal Update

### Medium Term The Panel received a presentation that outlined a series of recommendations on the Financial Medium Term Financial Strategy. Strategy After a lengthy debate, the Panel "RESOLVED that the following views be expressed to Presentation the Executive and the Council as part of the development of the Medium Term Financial Strategy: 1. That the strategic intention be set to raise Council Tax by the maximum allowed in any given year (without triggering a Council Tax Referendum) to endeavour to continue to deliver services. (NB. the actual Council Tax for any given year will be decided by Council in the preceding February); 2. That an application be submitted for Business Rate Pilot status for 2019/20, with agreement being given to a 40% District / 34% Devon County Council / 1% Fire split for the 75% scheme. In the event of the Pilot bid being unsuccessful, that agreement be given to the Council remaining part of the Devon Business Rates Pool for 2019/20; 3. That Central Government and Devon MPs be actively lobbied to support a 2019/20 Devon Pilot bid: 4. That the Council actively lobby and engage with the Government, Devon MPs and other sector bodies (e.g. the District Councils Network and the Rural Services Network) for a realistic Business Rates Baseline to be set for the Council for 2020 onwards; 5. That the Council responds to the technical consultation in support of the Government eliminating Negative Revenue Support Grant. In addition, the Council should continue to lobby for Rural Services Delivery Grant allocations that adequately reflect the cost of rural service provision; 6. That £500,000 of New Homes Bonus funding be used for 2019/20 to fund the Revenue Base Budget and then reduce this funding to £400,000 by 2020/21 and £250,000 by 2021/22 for modelling purposes; 7. That, as part of the Budget Setting process, a review be undertaken by Members into the annual level of contributions to Earmarked Reserves (£722,300) and the adequacy of the existing level of Unearmarked Reserves (£1.8 million) and Earmarked Reserves (£8.3 million) (NB. this will assess the adequacy of Reserves levels in light of future plans and pressures); 8. That the Council takes specialist pension advice on the options for the Council's Pension position, with the aim of reducing the current contributions, increasing affordability, whilst best managing the pension deficit; 9. That the Council continue with the Local Government Terms and Conditions of the Employment Green Book for at least 2019/20. That a review of all options for reducing staff costs (by varying terms from the Green Book from 2020/21) be undertaken, with an initial report being presented back before the end of 2018/19. IT Having considered an exempt report, the Panel endorsed the proposed IT Procurement Procurement exercise and recommended to the Executive that it approves the proposed way forward. Exercise Business Following a verbal update on the Business Continuity Plan, the Panel thanked the lead

officer and was suitably assured that adequate progress was being made.

Ombudsman Annual Review Letter 2018	The Committee reviewed the Ombudsman Annual Letter for 2018 and welcomed the improved performance in respect of dealing with customer complaints. In particular, Members were assured that the Council was reviewing (and taking learning points) from each complaint received.
Regulation of Investigatory Powers Act (RIPA) 2000 Policy and Update	The Committee reviewed the RIPA 2000 Policy and recommended its approval to the Council. This recommendation was then approved without amendment by the Council.  Also, the Panel welcomed the Investigatory Powers Commissioner's Office report and recommendations and the fact that there had been no RIPA Authorisations to the Council since the last annual update.
General Data Protection Regulation (GDPR) and Data Protection Policy Update	Members considered an amended Data Protection Policy and an update on the General Data Protection Regulation and recommended to Council that they be approved. These recommendations were subsequently approved by the Council.
Draft Member Induction Programme 2019	The Panel considered the draft Member Induction Programme for 2019 and, subject to inclusion of some minor amendments, Members unanimously approved the roll-out of the Programme.
Development Management – Performance Update	<ul> <li>At the joint Budget meeting of the Panel and Development Management Committee, a Development Management – Performance Update was also presented for consideration.</li> <li>The joint meeting proceeded to recommend to the Executive and Council that:</li> <li>The actions being taken to secure improved performance within the Development Management Service be endorsed;</li> <li>As part of the 2019/20 Budget Setting process, support be given to the addition of a Level 5 Specialist, at a cost of £29,000, within the Development Management service (to be funded through planning income); and</li> <li>In the event of recommendation 2 being approved, a further service capacity review be undertaken by the Panel six months after the additional Level 5 Specialist takes up their post.</li> </ul>

### Fees and Charges 2019/20

The joint meeting of the Panel and the Development Management Committee considered the setting of Fees and Charges for 2018/19 as part of the draft Budget Setting process. In so doing, the meeting recommended to the Council (via the Executive) that:-

- 1. the proposed fees and charges set out for Parks, Open Spaces and Outdoor Sports be approved;
- 2. the proposed Environmental Health Charges be approved;
- 3. the proposed Fees and Charges for Development Management be approved;
- 4. delegated authority be given to the Group Manager for Commercial Services, in consultation with the lead Executive Member, to set the Dartmouth Lower Ferry Fees to take account of market conditions, including competitor charges;
- 5. there are no changes to the Car Park Charges for 2019/20, except for where this has been agreed as an alternative to the implementation of Pay on Entry at public toilets (NB. a report will be presented to the Executive in this respect in due course);
- 6. the proposed changes to Boat Storage Charges be approved;
- 7. delegated authority is given to the Group Manager for Commercial Services and Section 151 Officer, in consultation with the Portfolio Holder, to set the Commercial Waste charges, once all the price modelling factors are known;
- 8. officers undertake a review into all aspects of fees and charges related to zoo licensing, with these being reported back to the joint Budget Consultation meeting in January 2020.

### Budget Proposals for 2019/20 Onwards Update

The joint meeting also considered the Budget Proposals for 2019/20 Onwards and recommended to the Council (via the Executive) that support be given to:

- 1. the increase in Council Tax for 2019/20 of £5;
- 2. the financial pressures amounting to £1,354,700;
- 3. the net contributions to/from Earmarked Reserves amounting to £782,300;
- 4. the proposed savings of £1,060,226 for 2019/20;
- 5. the proposed use of £500,000 of New Homes Bonus funding to balance the 2019/20 Revenue Budget (as shown in Appendix E of the presented agenda report); and
- 6. the following measures being implemented to close the predicted 2019/20 Budget Gap of £75,007:
  - a. reduce the contribution to the Planning Policy and Major Developments from £75,000 to £50,000;
  - b. remove the £7,000 allocated to the 'Communities Together Fund'; and
  - c. reduce the contribution to the Land and Development Reserve from £50,000 to £7,000.
- 7. the content of the Capital Programme Proposals for 2019/20 that totals £1,290,000 be supported;
- 8. the content of the Capital Programme Proposals for 2019/20 that totals £14,001,000 be supported; and
- 9. the proposed financing of the 2019/20 Capital Programme of £15,291,000 from the funding sources be supported.

Employee Terms and Conditions	With regard to the 'Employee Terms and Conditions' agenda item that was due for consideration by the Executive, assurances were given to the Panel that copies of all relevant consultation documents would be circulated to all members of staff and every response submitted would be taken into account before any final agreement was reached.
Peer Challenge Action Plan	<ul> <li>Consideration was given to a report that provided Members with a copy of the Peer Challenge Action Plan and the Panel RESOLVED that:</li> <li>1. That the Peer Challenge Action Plan (as agreed by the Executive) be accepted; and</li> <li>2. That a progress update be brought to the Panel for consideration early in the 2019/20 Municipal Year.</li> </ul>

### COMMUNITIES

Council and residents working together to create strong empowered communities

Action	18/19 Progress
Community Funding Task and Finish Group	The Panel supported the recommendations of the Task and Finish Group to reduce funding levels allocated to the South Hams Community and Voluntary Service and the South Devon Area of Outstanding Natural Beauty. However, when these recommendations were presented to the Council, the majority of Members voted to defer these decisions to enable for further consideration as part of the wider 2019/20 Budget Setting process.  Such was the displeasure of the Task and Finish Group Members at this overturn that the Panel Chairman took the decision that no further Task and Finish Groups would be established during this Council term.
Customer Satisfaction Survey	<ul> <li>The Panel considered the results of the recent Customer Satisfaction Survey and noted with concern the results and requested the production of a comprehensive Action Plan that would be presented to the next Panel meeting.</li> <li>When the draft Action Plan was presented, the Panel recommended to the Executive that:</li> <li>the proposed Customer Satisfaction Action Plan be endorsed;</li> <li>the proposed Customer Service Standards be supported; and</li> <li>the direction of travel in relation to the Housing Benefits / Contact Centre pilot be endorsed.</li> </ul>

# HOMES

### Enabling homes that meet the needs of all

Action	18/19 Progress
Homelessness Strategy Action Plan 2018/19	The Panel considered and recommended that the Executive adopt the Homelessness Strategy Action Plan for 2019/20. In addition, the Panel also resolved that:
	Those actions that were identified as being incomplete and rolled over to the 2018/19 Action Plan ('Vulnerable Customer Charter to be finalised' and 'Work with Schools to be expanded to include all major Secondary Schools') be progressed as soon as practically possible;
	all Members should be in receipt of updates on:
	a copy of the Citizens' Advice Bureau report on the Social Prescribing pilot;
	the membership of the Health and Wellbeing Board;
	<ul> <li>a Briefing Note on those properties that the Council owned within the South Hams that were currently leased to South Devon Rural Housing Association;</li> </ul>
	an interactive Member Briefing Session on the Homelessness agenda be convened (NB. this session was subsequently held and regarded by Members as being one of the best Learning and Development sessions that they had attended during the four year Council term);
	future Annual Reports include reference to actual Case Studies.
Neighbourhood Planning: Support	Following receipt of a verbal update on Neighbourhood Planning, the Panel resolved that:
to Groups – Verbal Update	1. it welcomed the re-launching of the Council's offer to Neighbourhood Planning Groups and asks that it include reference to the Council's statutory responsibilities and funding streams that were potentially available;
	2. the re-launched version of the offer be circulated to Members and Town and Parish Councils as soon as is practically possible;
	<ol> <li>Town and Parish Councils be informed about the benefits of working together with neighbouring parishes to develop and progress a Neighbourhood Plan;</li> </ol>
	4. all Members encourage Groups (and other potentially interested parties) to attend future Neighbourhood Planning Workshops convened by the Council;
	5. the Council is careful that it is realistic and does not over promise the support that it can provide to Neighbourhood Planning Groups; and
	6. a Toolkit be produced and finalised before the end of August 2018.

Community Housing Strategy Update	A report was considered by the Panel that sought to provide it with an update on progress with the Community Housing Strategy and the programme of action going forward. To expand upon the report, officers also conducted a presentation that outlined some of the design ideas that were being developed through one of the early schemes at South Brent.  The Panel proceeded to welcome both the contents of the report and the officer presentation.
Devon Building Control Partnership Update	The Panel received a performance overview from the Devon Building Control Partnership and endorsed the contents of the agenda report. In addition, the Panel also welcomed the assurances given whereby more information (including the agenda and published minutes) relating to meetings of the Building Control Partnership Committee would now be distributed to the wider membership.
Next Steps – Enabling Homes to Meet the Needs for All	A report was presented to Members that set out a business case for the formation of a Housing Wholly Owned Company and concluded that, on balance, there was no requirement for such a Company at this time.
	Whilst it was by no means a unanimous view, the majority of Members recommended that the Executive agree the following principles:
	that there is no requirement to form a South Hams District Council Housing Wholly Owned Company at this time;
	that Council borrowing in order to acquire or develop affordable homes is acceptable in principle;
	that affordable homes may be acquired or developed via the Community Housing Strategy OR through existing work with Registered Providers or Developers (NB, these properties will be allocated in accordance with Local Lettings Plans and may be managed via the Council's Direct Lets Service; and
	That the Council's affordable housing development / acquisition plans be guided as outlined in the agenda report.
Section 106 Agreements Update	Members considered an update report on Section 106 Agreements and resolved that:
	The report, progress and improvements made in monitoring and administering Section 106 Agreements be welcomed;
	2. In the future, the monitoring of administration of Section 106 Agreements be reported through the Internal Audit Reporting Cycle;
	3. The Panel Work Programme be updated to include a 'Review into the Process for Spending Section 106 Deposits for Affordable Housing at its next meeting;
	4. A Langage Energy Centre Update be considered by the Panel at a future meeting;
	5. Officers consider the most appropriate means of disseminating the Schedule to all Members and Town and Parish Councils.
	In considering the process for spending Section 106 funding for Affordable Housing, the Panel concluded that it was content with the current process for spending Section 106 Affordable Housing monies and therefore recommended to the Executive that the current process is retained.

### **ENVIRONMENT**

### Protecting, conserving and enhancing our built and natural environment

Public Toilet Pay on Entry Contract Award  An update was given to the Panel on the Public Toilet Pay on Entry Contract Award. During which, Members were informed that two tender submissions has been received and, following the evaluation stage, the next step would be to award the contract.  Waste Performance Measures  During consideration of the quarterly performance measures, Members stated that they had been inundated with complaints relating to the waste service. In highlighting the reputational damage that had been caused to the Council, the Member informed that the Working Group was giving its full support to the improvement measures that were being put in place by officers.  Call-in of Executive Minute E.46/18: 'Public Toilets Review'  In debating the Call-in, a number of Members expressed sympathy with the process concerns that had been identified and felt that there were a number of lessons to be learnt. As a consequence, the following motion was PROPOSED and SECONDED and when put to the vote was declared CARRIED:  That Minute E.46/18 'Public Toilets Review' be referred back to the Executive at its meeting on 13 December 2018 for further consultation exercise being carried out with those local town and parish councils who have requested that opportunity, with the outcome being reported back to the Executive meeting on 7 February 2019; and  2. That the Panel:  - note that the financial information that was presented to the Executive meeting on 22 November 2018 had since been verified by Internal Audit and

## **ENTERPRISE**

### Creating places for enterprise to thrive and business to grow

Action	18/19 Progress
Commercial Investment to Support Economic Activity	The Panel highlighted the decision of the Executive in respect of the 'Council Owned Asset Investment and Development' exempt agenda item. Whilst some Members were of the view that this exempt information should be made publically available, the majority of the Panel did not agree. However, the Panel unanimously agreed that there was a need for greater emphasis to be placed on openness, transparency and earlier engagement with local ward Members in such matters.
Activities to Support Economic Growth	Members gave consideration to a report that sought to recommend that the Commercial Property Strategy be adopted. Upon the conclusion of the debate, the Panel resolved that:
	The following views be expressed to the Executive:
	1. That the Panel endorse the principle of a Commercial Property Strategy that includes the following multiple objectives:
	- To support regeneration and the economic activity of the District;
	- To enhance economic benefit;
	- To grow business rate income;
	<ul> <li>To assist with the financial sustainability of the Council as an ancillary benefit;</li> </ul>
	<ul> <li>To help the Council continue to deliver and/or improve frontline services in line with the Council's adopted strategy and objectives; and</li> </ul>
	2. That the proposed Commercial Property Strategy be revised, with a detailed Terms of Reference for the Investment Member Group being drafted and further consideration being given to the proposed delegated decision-making process in time for consideration at the next Executive meeting.
Town Centres Strategy	Members requested a report that set out whether and what the approach of the Council should be to the vitality of town centres. Following an extensive debate, the Panel supported the proposed way forward, subject to the inclusion of an additional action whereby: 'a meeting of representatives of the Town Councils, their Neighbourhood Planning Groups, local Ward Members and Council Officers be convened to discuss and consider the issues raised in the agenda report and to formulate, if possible, an agreed way forward.'
Langage Energy Park – Update	In consideration of a report that provided an update on Langage Energy Park, the Panel:
	<ol> <li>Welcomes and acknowledges the work that had been undertaken so far, but requests that significant emphasis be placed on encouraging the enhancement of the timescale for bringing forward much needed employment opportunities; and</li> </ol>
	2. Recognises that, whilst outside the control of the Council, it still wishes to express its disappointment at the lack of progress being made on the project.

## WELLBEING

### Supporting positive, safe and healthy lifestyles and helping those most in need

Action	18/19 Progress
Food Safety Audit Action Plan	The Panel received and welcomed an update on the Food Safety Audit Action Plan and Food Safety Service Plan and thanked and paid tribute to the achievement whereby 100% of due food safety inspections had been completed during 2017/18.
Fusion Lifestyle Annual Review Presentation	Representatives from Fusion Lifestyle attended two Panel meetings during 2018/19.  At the first meeting, the focus of the Panel was on Fusion's Strategic Community Development Team and adopted Development Plan that sought (amongst other things) to: increase regular participation numbers; target older people, young peoples and disadvantaged and deprived communities; promote healthy living; and develop greater methods of partnership working.  Secondly, representatives were in attendance to conduct a presentation to the
	<ul> <li>Panel that summarised their performance between January and December 2018. In the deliberations, it was apparent that Members were very supportive of the progress that was being made by Fusion Lifestyle and resolved that the Panel:</li> <li>greatly value the Fusion Annual Report for 2018 and welcomes the proposals going forward for 2019;</li> <li>ask that Fusion give an increased focus and emphasis to Outreach Service provision in the rural parishes; and</li> <li>acknowledge the willingness of Fusion to adopt more energy efficient working practices and work with relevant partners in the South Hams to meet this objective.</li> </ul>
Community Safety Partnership (CSP)	In line with statutory requirements, the Panel considered its annual update from the CSP and raised a number of issues that were to be taken forward. In their concluding comments, Panel Members were of the view that the CSP was a very effective Partnership that was making a real difference in the South Hams, Teignbridge and West Devon areas.

### Drug and Alcohol Abuse Task and Finish Group

The Panel approved the formation of a Drug and Alcohol Abuse Task and Finish Group and received regular progress updates.

During these updates, the Panel noted the contents of a Briefing Note on designing out intravenous drug use in Council public conveniences and recommended to the Executive that £2,500 be spent from the Repairs and Maintenance Earmarked Reserve to pay for the works necessary to design out the use of intravenous drugs in the male toilets at Coronation Road, Totnes.

When considering the concluding Review report, the Panel resolved that:

- 1. the Council be RECOMMENDED that it support and participate (wherever possible) in Police and Public Health England campaigns around drug reporting, harm minimisation and education;
- 2. the response from the Group that CCTV linking into a central hub is cost prohibitive be acknowledged;
- 3. the Member Budget Workshop explore the possibility of obtaining annual funding for youth activities / engagement as a diversionary approach to Crime and Disorder (including drug use) within the South Hams District;
- 4. the Member Budget Workshop explore the possibility of obtaining funding from Outside Bodies so to enable the Council to support part 3 of the recommendation by a part-time post or by other means;
- 5. subject to the availability of funding, the Council proactively supports and participates in Junior Life Skills as part of a preventative approach and early intervention / education for young people; and
- 6. the Council supports and proactively participates in partnership working with multi agencies and other initiatives relating to the prevention of drug use and anti-social behaviour amongst young people. Such support and activity to be explored by Members of the Task and Finish Group with subsequent referral back to the Overview and Scrutiny Panel.

### Safeguarding Update

In recognising the importance of the Safeguarding agenda, the Panel requested receipt of a formal report and proceeded to "RESOLVE that Members:

- 1. review safeguarding as an annual standing agenda item;
- 2. ask that the following items be included in the next safeguarding update report:
  - a summary of the number of cases;
  - the types of cases;
  - any trend analysis; and
  - identified areas of particular risk;
- 3. be sighted on how to meet our safeguarding duties; the measures in place and the associated risks;
- 4. support the inclusion of Safeguarding Briefings for Members after the local elections in May 2019; and
- 5. support a Safeguarding Policy review being undertaken during 2019/20."

# Agenda Items – Public Forum

In line with its openness and transparency agenda, the Council has adopted provision for the Overview and Scrutiny Panel to set aside 15 minutes at the start of each meeting to enable members of the public to raise issues and/or questions in line with its Procedure Rules.

During 2018/19, the Panel was presented with 1 questions/issues for consideration that focused on the following issue:

a request for the Council to publish a list of the sites it was currently considering for development. In response, assurances were given to the questioner that this list was to publicly available on the Council website within a week of this question being asked

# Standards Update and Governance Matters

In accordance with the Council Constitution, the Overview and Scrutiny Panel is responsible for monitoring complaints (including Ombudsman complaints and those against Members alleging a breach of the Code of Conduct) and for the standards responsibilities under the Localism Act.

As part of these responsibilities, the Panel has considered:

# Recommendations from the Code of Conduct Hearing Panel on the Complaints Process

The Panel considered a series of recommendations from the Hearing Panel and resolved that:

- A full review of the Council's Code of Conduct be undertaken by the Monitoring Officer, in consultation with the Members of the Code of Conduct Hearing Panel, with the findings being presented back to a future meeting of the Panel;
- 2. Officers be asked to write to Town and Parish Council Clerks outlining the total number of town and parish councillor complaints that had been received by the District Council and the consequent costs that were associated with their administration:
- 3. The Council be **RECOMMENDED** that representations be sent to the Secretary of State and local MPs outlining the Council's concerns over the current regulations (e.g. the lack of any meaningful penalties and the unfairness of District Councils having to absorb the costs of administering the scheme for its local Town and Parish Councils (NB. this recommendation was subsequently approved by the Council at its next meeting);

- 4. Town and Parish Council Clerks promote the benefits of informally resolving complaints before a formal process is instigated;
- Officers be asked to convene a 'Code of Conduct and Councillor Behaviour' training session for town and parish clerks and councillors;
- A meeting be held between the Hearing Panel Members; the Monitoring Officer; and the Devon Association of Local Councils County Solicitor to express the concerns of the District Council over the number of complaints that were being received against local town and parish councillors; and
- The Monitoring Officer be encouraged to revisit the Council's pool of Investigating Officers in an attempt to build capacity to ensure that complaints are dealt with in a more timely manner.

# Hearing Decision Notices Arising from Meetings of the Code of Conduct Sub Panel

The Panel noted the contents of the Decision Notices relating to alleged breaches of the Code of Conduct by Cllr Coles of Dartmouth Town Council and Cllr Adams of Totnes Town Council.

# Review of Procedure for Dealing with Standards Complaints

The Panel considered a report that presented a review into the Council's 'Dealing with Standards Complaints' procedure and **RECOMMENDED** to Council that, with effect from May 2019:

- the revised 'Dealing with Standards Complaints' procedure (as attached at Appendix A of the presented agenda report) be adopted; and
- the review of the associated Hearing procedure be delegated to the Monitoring Officer, in consultation with the Chairman of the Overview and Scrutiny Panel.

The Council approved these recommendations at its meeting on 21 February 2019.

# General Dispensations to Members and Appointment of Independent Persons

The Panel considered a report that:

- sought approval to grant the General Dispensations that were set out in the presented agenda report; and
- recommended appointing two additional Independent Persons.

### and **RESOLVED** that:

- grant the General Dispensations (as set out in paragraphs 2.4 and 2.5 of the presented agenda report) from the Annual Council meeting in May 2019 to the Annual Council meeting in May 2020 so that:
  - a. A General Dispensation is granted to all multi or dual-hatted Members of South Hams District Council to speak and vote on matters where they are Members of another local authority and in receipt of a Members' Allowance; and
  - b. A General Dispensation is granted to all Members as set out in paragraphs 2.4.1 to 2.4.5 of the presented agenda report; and
- 2. Council be **RECOMMENDED** that Mrs Victoria Spense and Mr Martin Gleed (West Devon Borough Council Independent Persons) be also appointed to South Hams District Council from the Annual Meeting in May 2019 until the Annual Meeting in May 2023 and that all appointed Independent Persons be in receipt of regular performance reviews.

(NOTE. these recommended appointments were approved at the Annual Council meeting held on 16 May 2019).

# The 2019-20 Work Programme

The Overview and Scrutiny Panel has the ability to set its own annual work programme and it is acknowledged that sufficient flexibility is built in to enable for items to be included at short notice.

However, at the time of preparing this Annual Report, the following substantive agenda items have already been added to the 2019/20 Work Programme:

- Food Safety Audit;
- Peer Challenge Action Plan Update;
- Community Safety Partnership Annual Report;
- Safeguarding Annual Report;
- Draft Budget Proposals 2020/21;
- Waste Procurement Project Closedown Report;
- Customer Satisfaction Survey 2019;
- Member Induction 2019 Review;
- Ombudsman Annual Review Letter 2019;
- IT Systems Update;
- IT Resilience;
- Review of Council's Property Assets;
- Delivery of Social Affordable Housing within the South Hams;
- General Dispensations Multi & Dual Hatted Members;
- Town Centre Strategies Update;
- Development Management Six Month Capacity Review; and
- Fusion Leisure Annual Presentation and Report.
