

West Devon Development Management and Licensing Committee

West Devon
Borough
Council

Title:	Agenda								
Date:	Tuesday, 26th March, 2019								
Time:	11.00 am								
Venue:	Chamber - Kilworthy Park								
Full Members:	<p style="text-align: center;">Chairman Cllr Sanders Vice Chairman Cllr Roberts</p> <p><i>Members:</i></p> <table style="margin-left: auto; margin-right: auto;"> <tr> <td>Cllr Baldwin</td> <td>Cllr Moyse</td> </tr> <tr> <td>Cllr Cann OBE</td> <td>Cllr Parker</td> </tr> <tr> <td>Cllr Hockridge</td> <td>Cllr Pearce</td> </tr> <tr> <td>Cllr Mott</td> <td>Cllr Yelland</td> </tr> </table>	Cllr Baldwin	Cllr Moyse	Cllr Cann OBE	Cllr Parker	Cllr Hockridge	Cllr Pearce	Cllr Mott	Cllr Yelland
Cllr Baldwin	Cllr Moyse								
Cllr Cann OBE	Cllr Parker								
Cllr Hockridge	Cllr Pearce								
Cllr Mott	Cllr Yelland								
Interests – Declaration and Restriction on Participation:	Members are reminded of their responsibility to declare any disclosable pecuniary interest not entered in the Authority's register or local non pecuniary interest which they have in any item of business on the agenda (subject to the exception for sensitive information) and to leave the meeting prior to discussion and voting on an item in which they have a disclosable pecuniary interest.								
Committee administrator:	Kathy Trant Specialist - Democratic Services 01803 861185								

1. Apologies for Absence

2. Declarations of Interest

Members are invited to declare any personal or disclosable pecuniary interests, including the nature and extent of such interests they may have in any items to be considered at this meeting.

[If Councillors have any questions relating to predetermination, bias or interests in items on this Agenda, then please contact the Monitoring Officer in advance of the meeting]

3. Items Requiring Urgent Attention

To consider those items which, in the opinion of the Chairman, should be considered by the Meeting as matters of urgency (if any).

4. Confirmation of Minutes

Meeting held on 26 February 2019

1 - 6

5. Planning Performance Indicators

7 - 10

6. Planning Applications

11 - 20

2243/18/FUL 83, Plymouth Road, Tavistock – Form new dwelling by sub division of existing dwelling.

To see Letters of Representation and further supplementary information relating to any of the planning applications on the agenda, please select the following link and enter the relevant Reference number: <http://westdevon.gov.uk/searchlanding>

7. Planning Appeals Update

21 - 22

Agenda Item 4

At a Meeting of the **DEVELOPMENT MANAGEMENT & LICENSING COMMITTEE** held at the Council Chamber, Council Offices, Kilworthy Park, Drake Road, **TAVISTOCK** on **TUESDAY** the **26th** day of **FEBRUARY 2019** at **9.30am**

Present: Cllr P R Sanders – Chairman
Cllr A Roberts – Vice Chairman

Cllr R E Baldwin	Cllr W G Cann OBE
Cllr J Hockridge	Cllr C Mott
Cllr D E Moyse	Cllr G Parker
Cllr T G Pearce	Cllr J Yelland

Planning Senior Specialists (AHS, KC)
Planning Specialists (CS, BD, JH, NG)
Specialist Place Making (AW)
Specialist Place Making (PB)
DCC Highways Officer (PT)
Legal Advisor (PD)
Specialist Democratic Services (KT)

***DM&L 34 DECLARATION OF INTEREST**

Members were invited to declare any interests in the items of business to be considered and the following were made.

Cllrs Mott, Sanders and Yelland all declared a personal interest in application **3441/17/OPA**: Outline application with some matters reserved for the construction of 23 dwellings, associated car parking, access and estate road, private amenity space and public open space - Proposed development site at SX573976, Folly Gate, by virtue of each knowing one of the objectors. They each remained in the room and took part in the debate and vote thereon;

Cllr Mott also declared a personal interest in application **1667/18/FUL**: Erection of 3no. cottages – Land rear of London Inn, 22 West Street, Okehampton, by virtue of a close family member owning a property that overlooked the application site. She remained in the room and took part in the debate and vote thereon;

Cllr T G Pearce declared a personal interest in all applications by virtue of being a Member of the Devon Building Control Partnership. He remained in the meeting and took part in the debate and vote on the item.

***DM&L 35 URGENT BUSINESS**

The Chairman advised that application **3194/18/FUL**: Erection of two storey residential dwelling with associated parking – Axtown Lodge, Green Lane, Yelverton, had been withdrawn and therefore would not be presented to the Committee.

***DM&L 36 CONFIRMATION OF MINUTES**

The Minutes of the Development Management and Licensing Committee Meeting held on 11 December 2018 were confirmed and signed by the Chairman as a correct record.

***DM&L 37 PLANNING, LISTED BUILDING, TREE PRESERVATION ORDER AND ENFORCEMENT REPORTS**

Prior to the applications being presented to the Committee, the Lead Officer advised that, in relation to all the applications being presented, the officer reports had been reviewed in light of the amended National Planning Policy Framework (NPPF) published on 19 February 2019. Any necessary updates to the reports in light of the 2019 NPPF would be given as verbal updates as part of each presentation, and the quoted references within the report to the NPPF should now read as 2019 NPPF.

The Committee then considered the applications prepared by the Development Management Specialists and considered also the comments of Town and Parish Councils together with other representations received, which were listed within the presented agenda reports and summarised below, and **RESOLVED**:

(a) Application No: 2701/18/FUL Ward: Drewsteignton

Site Address: Land North of A30 Junction, Whiddon Down

Development of new shop and ancillary café with supporting secondary areas consisting of storage, WCs, offices and kitchen space (resubmission of 1255/18/FUL)

Case Officer Update: References in the report to the NPPF should read as NPPF 2019

Speakers included: Objector – Mrs Catherine Gillard: Parish Council: Cllr Graham Hester: Supporter – Mr Jack Mann: local Ward Member – Cllr Ridgers

RECOMMENDATION: Conditional Approval

Members discussed in detail whether the proposal size was actually net or gross area for retail. There was a sense that the application was vague in terms of the specific areas within the site and their related sizes. Some Members were concerned that the proposal would not support the local economy and, potentially, could harm existing businesses in the area. There were further discussions relating to whether a condition seeking to restrict the goods for sale in terms of ensuring they were locally sourced was enforceable. In respect of comments that the application had changed, the Lead Officer confirmed that the application had not changed, but that the use of the word 'farm' had been removed as it was the view of officers that the term was misleading as there was no direct link from the proposal to a farm. Finally, Members raised concerns over the possibly detrimental impact on biodiversity.

COMMITTEE DECISION: Refusal

Reasons:

1. This proposal is for an unrestricted retail use on a site in open countryside unrelated to a settlement, or to an existing agricultural or horticultural business. By virtue of its size, location and range of goods it has the potential to harm existing villages by diversion of trade and the applicant has not demonstrated the absence of harm by means of a retail impact assessment. This is contrary to Policies DEV15, DEV16, TTV31, SPT6 and saved policy ED20 and the guidance of the NPPF.

2. In light of the failure of the proposal to satisfy the Local Planning Authority that there is an imperative reason of over-riding public interest as such it fails the first derogation test. Thus the proposal is contrary to policy DEV28 of the JLP, SP19 of the Core Strategy and the guidance of the NPPF 2019.

(b) Application No: 2780/18/ARM Ward: Tavistock South West

Site Address: Land adjacent to Callington Road, Tavistock

Application for approval of reserved matters for details of appearance, landscaping, layout and scale for residential development comprising 157no. dwellings with associated landscaping and drainage infrastructure following outline approval 00554/2013

Case Officer Update: References in the report to NPPF should read as NPPF 2019. SWW had now responded to consultation on the application and their response was 'no comments'; Natural England had previously provided comments. Further revisions to the scheme were minor and therefore not circulated for consultation. Four further letters of representation had been received raising issues such as lack of supporting infrastructure, historic characteristics, lack of right of way to Phase three of the development and the wider townscape and ecological matters such as the felling of trees.

Speakers included: Objector – Mr Paul Richardson: Supporter – Mr Ian Jewson: Local Ward Members – Cllr Evans and Cllr Parker

RECOMMENDATION: Conditional Approval

COMMITTEE DECISION: Conditional Approval

Conditions:

1. Time limit
2. Accord with plans
3. Details of facing and roof materials
4. Details of eaves and verges
5. Retaining walls final finish details
6. Details of canopies, porches and chimneys
7. Zone of Influence mitigation
8. Details of parking court lighting
9. Details of rear/security gates
10. Electric vehicle charging points

(c) Application No: 3441/17/OPA Ward: Okehampton North

Site Address: Proposed development site at SX 573 976, Folly Gate

Outline application with some matters reserved for the construction of 23 dwellings, associated car parking, access and estate road, private amenity space and public open space

Case Officer Update: Condition 2 - Delete items v) x) xi)

After Condition 2 add new condition: "Accompanying any submission of reserved matters shall be full details of the provision of broadband ducting. Reason: To enable future connectivity and in the interests of amenity."

Condition 4 – Amend to include revised plan "Proposed Highway Layout 100 Rev A" and replace with "07014 105 Proposed Site Access"

Condition 7 – Add plan reference to read: "No works or development shall take place until a scheme for the protection of the retained trees as detailed on the Tree Constraints Plan 17.104/TCP Rev A has been agreed in writing with the Local Planning Authority."

Condition 10 – Amend to remove "Prior to commencement of development" and alter to: "Accompanying any application for reserved matters, the applicant shall submit for approval ..."

Condition 18 – delete as not necessary, other legal requirements secure the same outcome.

Condition 22 – reference to condition numbers would need amending to reflect above changes.

References in the report to NPPF should read as NPPF 2019.

Speakers included: Parish Council – Cllr David Sykes: Local Ward Members – Cllr Leech

RECOMMENDATION: Conditional Approval

During discussion, Members stated that in their view the application site was not sustainable, as the facilities in the village were limited. There were concerns over the viability of the scheme, and how approving this site might impact on the brownfield sites in the village which would be better sites for development. Finally, Members felt approval of this site was premature in light of the pending adoption of the Joint Local Plan.

COMMITTEE DECISION: Refusal

Reasons:

1. The proposed development, by reason of the number of new dwellings, both alone and in combination with other extant consents, would result in a scale of development too great for the village which has limited facilities yet the scheme is unable to make the required contributions to infrastructure. As such the proposal is contrary to the emerging Plymouth and South West Devon Joint Local Plan policies SPT1: Delivering Sustainable Development, DEL1: Approach to Development Delivery and Viability, Planning Obligations and the Community Infrastructure Levy, TTV1: Prioritising Growth Through a Hierarchy of Sustainable Settlements, DEV32:

Meeting the community infrastructure needs of new homes and the guidance of the National Planning Policy Framework.

2. The proposed development intrudes into the open countryside and infills between two distinctive built areas of the village detrimentally altering its character. As such the proposal is contrary to West Devon Borough Council Local Plan Review (2005) policy NE10: Development in the Countryside, and the emerging Plymouth and South West Devon Joint Local Plan policies TTV31: Development in the Countryside and TTV1: Prioritising Growth Through a Hierarchy of Sustainable Settlements and the guidance of the National Planning Policy Framework 2019.

(d) Application No: 1667/18/FUL Ward: Okehampton North

Site Address: Land rear of London Inn, 22 West Street, Okehampton

Erection of 3no. cottages

Case Officer Update: References in the report to the NPPF should read as NPPF 2019.

Speakers included: Supporter – Mr Ed Persse: local Ward Member – Cllr Leech

RECOMMENDATION: Conditional Approval

COMMITTEE DECISION: Conditional Approval

Conditions:

1. Time limit
2. Accord with plans
3. Archaeology recording (PTC – date agreed 07/02/19)
4. Natural slates
5. Stonework
6. Compliance with submitted surface water drainage scheme
7. Property level flood risk assessment and evacuation plan prior to occupation
8. Parking to be made available prior to occupation and retained

(e) Application No: 1738/18/HHO Ward: Tavistock North

Site Address: The Leaze, 7 Kilworthy Hill, Tavistock

Householder application for erection of wooden trellis and pergola

Case Officer Update: References in the report to NPPF should read as NPPF 2019.

Speakers included: Objector – Mr Roger Eveleigh: Supporter – Mrs Jane Flatman: local Ward Member – Cllr Moody

RECOMMENDATION: Conditional Approval

COMMITTEE DECISION: Conditional Approval

Conditions:

Standard time limit

Adherence to plans

Timber materials to be left to weather naturally or any alternative colour finish to be agreed, prior to installation, by Local Planning Authority.

***DM&L 38 PLANNING APPEALS UPDATE**

The Committee received and noted the updated list of Planning Appeals including Enforcement Appeals. .

PLANNING APPLICATION REPORT

Case Officer: Ben Dancer

Parish: Tavistock **Ward:** Tavistock South West

Application No: 2243/18/FUL

Agent/Applicant:

Mr Jeremy Maddock
Elford Maddock Architect'l Practice
23 Fore Street
Bere Alston
Yelverton
PL20 7AA

Applicant:

Mr T Faircloth
Lower Hill Farm
Tavistock
PL19 8RR

Site Address: 83 Plymouth Road, Tavistock, PL19 8BZ

Development: Form new dwelling by subdivision of existing dwelling.

Reason item is being put before Committee: This application has been brought before the Committee at the request of Cllr. Parker who has stated;

"I have rarely called in applications over the years but I'm concerned about this scheme:

- *Partly because there is scanty information about the main house. It is, effectively, a proposal to create two new dwellings from one and it seems unreasonable to take a decision without knowing that both of the dwellings would be satisfactory.*
- *Partly because there is no plan of the first floor and we have no way of being satisfied that the internal arrangements would be adequate. Are you satisfied that the proposal for both dwellings would accord with the National Technical Space Standards?*
- *Partly because the garden space for both dwellings, but particularly the existing house, looks to be woefully inadequate.*
- *Partly because I can't see how the car parking would work - the application form states that each dwelling is to have a car parking space but, from the drawings, the one for the extension would be inaccessible if the one for the existing house is occupied. The red line plan also implies that both parking spaces would be in the curtilage of the 'extension dwelling'.*

With regret, I believe that this application should come to the DM Committee. Whilst I respect your analysis, there are many issues that could lead to a conclusion that this is not a proposal for sustainable development, contrary to both the Development Plan and the Framework. This is a conclusion supported by the objections from neighbours and the Town Council.

Please put it to the DM Committee"

Cllr Evans has noted an interest

Recommendation: Conditional Approval

Conditions:

1. Time limit
2. Accord with plans
3. PD rights removed
4. Parking to be implemented and retained
5. Car parking/access drainage details
6. Zone of Influence mitigation

Key issues for consideration:

Principle of development
Neighbour Amenity
Previous appeal decision

Site Description:

The application site consists of a recently constructed extension attached to the southern elevation of 83 Plymouth Road. The extension occupies part of the existing garden belonging to the host dwelling.

The close consists of 6 dwellings accessed via a communal drive/road that connects to the A386 (Plymouth Road) to the west. The close is configured in a horseshoe arrangement with the nearest property to the application site within the close being 85 Plymouth Road to the west. To the east and close to the site's garden boundary is the building located on Grenville drive housing flats 1A – 1D.

The site is located to the east of the Tavistock Conservation Area (CA) but is set amongst the more modern developments on the opposite side of the road to the CA and does not contribute to its historic character or make a positive contribution to its immediate setting.

The Proposal:

The proposed development is to subdivide the current dwelling by using the extension as an independent dwelling.

The revised plans as submitted also now show the subdivision of the existing curtilage to show separate small garden areas for the existing property and that as proposed.

Parking provision is also indicated to the front of the proposed dwelling showing space for two vehicles.

Consultations:

Note: this application has been subject to two separate periods of consultation due to the submission of revised plans.

- County Highways Authority

No highways impacts

- Tavistock Town Council - Objection

- *“access concerns via a small shared drive near a junction and service station, onto a busy road;*
- *the sub-division of the house will increase traffic movements due to an increase in the number of households/cars.”*

“Tavistock Town Council stands by its original decision to object to this Application.”

- Drainage – No objection subject to imposition of conditions.

“Thank you for consulting us on the above application. As an internal consultee we advise the LPA on foul and surface water drainage matters to ensure the development complies with the relevant legislation and guidance, including but not limited to, the NPPF and Flood and Water Management Act 2010.

Recommendations – No objection

Based on the information provided we would support the current proposal.

Observations and comments

This is an application for internal subdivision of an existing dwelling located partially within Flood zone 2, with no external changes proposed and SWW have confirmed they would be happy to accept foul discharge to their system therefore we would have no objection to this aspect of the development.

However a new car parking and access has been proposed but its drainage details have not been provided, so this information will be required by condition.

Suggested conditions

Notwithstanding the submitted information, no development shall be commenced until:

1. Drainage details of the car park and access have been submitted to and approved in writing by the Local Planning Authority (LPA). If it is proposed to be permeable then it should be designed in accordance with CIRIA C753. Full design details and sectional drawing showing the specification and make up will be required.

2. The drainage scheme shall be installed in strict accordance with the approved plans, maintained and retained in accordance with the agreed details for the life of the development.

Reason: To ensure surface water runoff does not increase to the detriment of the public highway or other local properties as a result of the development.”

Representations:

Representations from Residents

Four letters of representation have been received objecting to the proposed development and raising the following issues;

- Object to extension becoming a separate dwelling
- Insufficient parking and turning space
- Devaluation of neighbouring property
- Developer is flouting the planning system

Relevant Planning History

1032/18/NMM Non-material amendment following householder consent 3493/17/HHO (Householder application for two storey side extension) for additional door. Approved 21/05/18

3493/17/HHO Householder application for two storey side extension to dwelling. Conditional Approval 11/12/17

2461/16/FUL Erection of dwelling. Refused 22/11/16. Appeal Dismissed 29/06/17

0874/16/HHO Householder application for a two storey extension to existing dwelling. Conditional Approval 25/05/16

ANALYSIS

Principle of Development/Sustainability:

The proposed development relates to an existing extension and the host dwelling. The application site is located within the settlements and is close to a range of services including public transport and shopping facilities. The site is located within an existing residential close.

Given the above, the application site is considered to be in a sustainable location.

Previous appeal decision:

As is noted in the “planning history” section of this report the site has been subject of a previous appeal decision in relation to the erection of dwelling.

This decision and the issues raised in the Inspector’s report setting out their assessment is a material planning matter that must be considered in that it relates to this current proposal.

It should be noted that appeal was in relation to a proposed detached dwelling to be located within the southern garden area belonging to 83 Plymouth Road as opposed to the current scheme where the dwelling would be created through the sub-division of the dwelling to utilise the extension as a dwelling.

The Inspector's report confirms that they reviewed the following issues;

1. The character and appearance of the area; and
2. The living conditions of the future occupiers of the proposed dwelling in respect of outlook and available garden space and the existing occupiers of 83 Plymouth Road in respect of available garden space.

In dismissing the appeal the Inspector offered the following conclusions;

Paragraph 5 – *“Due to its detached nature, the dwelling would have an appreciably more significant effect than the existing side extensions and the one that has been granted planning permission at this site...Other new housing has been accommodated in the area, such as No. 89a. However that dwelling is located at the end of a terrace and the context is not directly comparable and it does not justify the appeal scheme.”*

The current scheme is not for a detached dwelling and would instead use the approved extension as a dwelling.

Paragraph 7 – *“A two storey block of flats is located to the rear of the site; it is sited so that it sits across almost the entire width of the appeal site and a good portion of the width of No. 83. The side elevation of this building is set only very modestly away from the common boundary. The rear of the appeal dwelling would be located very close to the boundary, the outlook from the rear living room windows and two of the bedrooms would be dominated by the side wall of the flats. This would create harmfully oppressive living conditions for the future occupiers of the dwelling.”*

The current proposal would utilise the existing extension where the amenity impacts have already been previously assessed as being acceptable in terms of relationship with other development (inclusive of the flats). No new windows or doors are proposed to increase overlooking from that as assessed in relation to the approved extension. The extension is set further back from the common boundary with the flats and therefore the issue in relation to the proposed dwelling's outlook has, in officer view, been overcome.

Paragraph 8 – *“The living room would also have a side window. Currently there is a low boundary between the site and the side garden at No. 85. To ensure that garden was not unacceptably overlooked from the proposed side living room window it would be necessary to secure a higher boundary treatment through a condition. Consequently the outlook from this side window would be dominated by the boundary.”*

As is noted the current proposal is for the dwelling to occupy the existing extension whereby the window facing onto this garden area has already been assessed as being acceptable. Equally it is located further away from the side garden referred to and a higher boundary treatment would not therefore impact upon the outlook through dominance and therefore a suitable boundary treatment could be achieved without detriment.

Paragraph 9 – *“The outside space to the rear and side of the dwelling would be extremely limited and would amount to little more than a narrow yard area dominated by the boundaries and the side wall of the flats. The front of the site would be largely taken up by parking and vehicle manoeuvring space. Even if only a single space was provided, the usable outside garden would still be limited, and this area would not be private.”*

The revised plans submitted as part of the current proposal indicates more garden space being provided than the appeal scheme. This has been achieved through the moving of parking provision, the re-siting of the dwelling from a detached position to being attached to No. 83, and the subdivision

of the plot via an angled fence-line. The plans also show the existing conservatory and shed belonging to No. 83 as being removed to provide more outside space to the existing property.

Whilst the garden areas would be reduced from that as currently serving No. 83 as a single dwelling, there would be adequate garden areas provided to both the existing and proposed property.

In addition the revised plans also show a trellis fence (1.7m in height) to be installed above the existing concrete block wall that bounds the adjacent side garden area belonging to No. 85. This would provide a degree of privacy to prevent undue overlooking into this garden, although it is again noted that the existing extension has already been assessed as acceptable.

In light of the above, it is case officer opinion that the current proposal does not result in the same issues as were cited in the dismissal of the appeal and that there are key differences that overcome the issues identified in the inspector's assessment that led them to conclude the previous scheme was unacceptable.

Neighbour Amenity:

It is noted that the current scheme would utilise the approved, existing extension as a separate dwelling. The approved extension is not being altered beyond what has already been approved under application 3493/17/HHO and the subsequent non-material amendment (1032/18/NMM) for an additional door.

There will be new parking to the front of the proposed dwelling, but it was noted that space already exists to facilitate this. In addition the use of the garden area will not perceptibly change.

The existing and proposed floor plans show that there is no proposed alteration to the room layouts and therefore the overlooking from the windows serving these rooms will not alter and have therefore also been assessed as being acceptable as they would have been assessed under application 3493/17/HHO.

Overall, the limited impact upon neighbouring resident's amenity is considered acceptable.

Highways/Access and other matters:

The Devon County Highways Officer has not objected to this current scheme. It is also noted that in dismissing the previous appeal the Inspector stated the following;

Paragraph 17 – “Due to the distance from the Conservation Area and the listed cottages the development would not result in harm to the setting of either. Adequate access and parking could be provided and there would be no significant effects on biodiversity or the living conditions of other neighbouring residents.”

Evidently and despite dismissing the previous appeal, the Inspector did not feel that a new dwelling would lead to harmful highways impacts or harm to the heritage assets nearby.

It should be noted that the requested condition in relation to drainage has been worded as being required prior to development commencing. Obviously in this instance the development already exists as the extension is already in situ. The condition would therefore need to be modified so as to require the details prior to the occupancy of the dwelling or the setting out and use of the car parking areas, whichever is the sooner. This would ensure that the requested drainage details are received for approval by the LPA.

Finally, it is also noted that further extension to the proposed dwelling or buildings within its curtilage would have the potential to erode the amenities enjoyed by existing neighbouring residents and lower the amount of outdoor space available to future occupiers. Any planning approval would need to

include a condition removing permitted development rights accordingly so as to ensure such development could not take place without the approval of the LPA.

The Planning Balance:

The current scheme differs in its approach to the delivery of a dwelling in this location from that as dismissed at appeal. These changes relate to the use of an approved extension as a dwelling as opposed to creating a new detached dwelling as was initially proposed.

The internal configuration of the dwelling would not alter from that as exists in the current extension and so any overlooking would remain the same given the occupancy levels of the rooms would not alter.

The curtilage arrangements and boundary treatments seek to overcome previous issues in terms of privacy and amount of space afforded to the new dwelling and No. 83. These provisions, whilst not overly generous, are considered to be adequate and certainly improve upon those as proposed under the previous scheme.

In light of the above, the development will not lead to a loss of amenity that would warrant refusal. The dwelling as proposed utilises the extension, which is an approved design in terms of materials, room layout and location. The development will not result in harm either by way of highways impacts or to the setting of the nearby heritage assets, a matter as has already been confirmed in the appeal decision.

Overall the site is located in a sustainable location and has overcome the issues that resulted in the refusal of the detached dwelling as was proposed under application 2461/16/FUL.

The development is therefore considered to be acceptable in planning terms being both compliant with current and emerging Development Plan policies and not resulting in such harm to the amenities of the site or surrounding area that would warrant refusal of the scheme. The application should therefore be approved.

This application has been considered in accordance with Section 38 of the Planning & Compulsory Purchase Act 2004 and Sections 66 and 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Planning Policy

Section 70 of the 1990 Town and Country Planning Act requires that regard be had to the development plan, any local finance and any other material considerations. Section 38(6) of the 2004 Planning and Compensation Act requires that applications are to be determined in accordance with the development plan unless material considerations indicate otherwise.

The relevant development plan policies are set out below:

West Devon Borough Council Core Strategy 2011

- SP1 – Sustainable Development
- SP6 –Density of Housing Development
- SP7 – Strategic Distribution of Housing
- SP18 – The Heritage and Historical Character of West Devon
- SP19 – Biodiversity
- SP20 – Promoting High Quality Design
- SP21 – Flooding

West Devon Borough Council Local Plan Review 2005(as amended 2011)

BE3 – Listed Buildings

BE13 – Landscaping and Boundary Treatment

H28 – Settlements with Defined Limits

T9 – The Highway Network

PS2 – Sustainable Urban Drainage Systems

PS3 – Sewage Disposal

Status of emerging JLP policies for decision makers

The Plymouth & South West Devon Joint Local Plan has undergone a main modifications consultation (22 Oct – 03 Dec 2018) as part of the examination in public to determine the soundness of the plan. The joint councils are waiting to hear from the Planning Inspectorate (PINS) regarding the next steps. Until PINS provide an update, the JLP councils are unable to commit to a timetable for adoption.

The National Planning Policy Framework provides guidance on the weight that can be given to policies in emerging local plans in paragraph 48:

48. Local planning authorities may give weight to relevant policies in emerging plans according to:

a) the stage of preparation of the emerging plan (the more advanced its preparation, the greater the weight that may be given);

b) the extent to which there are unresolved objections to relevant policies (the less significant the unresolved objections, the greater the weight that may be given); and

c) the degree of consistency of the relevant policies in the emerging plan to this Framework (the closer the policies in the emerging plan to the policies in the Framework, the greater the weight that may be given)

The JLP is nearing the conclusion of the examination process, and can be considered to be at an advanced stage of preparation.

Whilst technically all objections are unresolved until the Inspectors issue their Final Report, some policies which did not receive objections at the Reg 19 stage could be given very significant weight. The nature and scope of objections made regarding each policy have been taken into account when determining the weight to be apportioned to each emerging policy.

The Council consider that all emerging policies are compliant with the NPPF. It should be noted that the JLP is being examined against the provisions of the 2012 NPPF, and therefore for the purposes of paragraph 48 of the NPPF policies should also be assessed for their conformity against the 2012 NPPF.

In considering the merits of this proposal, case officer recommendations are informed by the weight that can be attributed to emerging JLP policies and adopted development plan policies, as well as the degree of conformity with the 2019 NPPF.

PLYMOUTH AND SOUTH WEST DEVON JOINT LOCAL PLAN -: PUBLICATION (as considered by the Full Councils end Feb/Early March 2017)

Neighbourhood Plan

The Tavistock Neighbourhood plan area was approved by delegated authority on 27 September 2017 and follows the parish boundary of Tavistock. The plan has not progressed to the next formal stage in the process.

Considerations under Human Rights Act 1998 and Equalities Act 2010

The provisions of the Human Rights Act 1998 and Equalities Act 2010 have been taken into account in reaching the recommendation contained in this report.

Conditions

1. The development to which this permission relates must be begun not later than the expiration of three years beginning with the date on which this permission is granted.

Reason: To comply with Section 91 of the Town and Country Planning Act, 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby approved shall in all respects accord strictly with drawing number(s)

410/06 – Proposed Floor Plans
410/07 – Proposed Elevations
Site Location Plan

410/08 Rev. A – Proposed Site Plan

received by the Local Planning Authority on 26 October 2018 and 09 January 2019.

Reason: To ensure that the proposed development is carried out in accordance with the drawings forming part of the application to which this approval relates.

3. Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development Order), 2015 (and any Order revoking and re enacting this Order), no development of the types described in the following Classes of Schedule 2 shall be undertaken without the express consent in writing of the Local Planning Authority other than those expressly authorised by this permission:

- (a) Part 1, Class A (extensions and alterations)
- (b) Part 1, Class B (roof addition)
- (c) Part 1, Class D (porch)
- (d) Part 1, Class E (a) swimming pools and buildings incidental to the enjoyment of the dwellinghouse
- (e) Part 1, Class G (chimney, flue or soil and vent pipe)
- (f) Part 2, Class A (means of enclosure)

Reason: To protect the appearance of the area to ensure adequate space about the buildings hereby approved and in the interests of amenity

4. The dwelling hereby approved shall not be occupied until the parking areas relating to it and shown on the submitted drawings have been properly consolidated, surfaced, laid out and constructed. The parking areas shall be kept permanently available for the parking and manoeuvring of motor vehicles in connection with the development hereby permitted.

Reason: To ensure that adequate and satisfactory provision is made for the parking of vehicles clear of all carriageways in the interests of road safety and amenity.

5. Notwithstanding the submitted information, and prior to the occupation of the dwelling:

1. Drainage details of the car park and access shall have been submitted to and approved in writing by the Local Planning Authority (LPA). If it is proposed to be permeable then it should be designed in accordance with CIRIA C753. Full design details and sectional drawing showing the specification and make up will be required.

2. The drainage scheme shall be installed in strict accordance with the approved plans, maintained and retained in accordance with the agreed details for the life of the development.

Reason: To ensure surface water runoff does not increase to the detriment of the public highway or other local properties as a result of the development.

6. Prior to first occupation of any residential unit, a scheme to secure mitigation of the additional recreational pressures upon the Tamar European Marine Site, shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall be implemented in full prior to first occupation.

Reason: to ensure adequate mitigation of the impact of the development upon the Tamar European Marine Site.
