1. BACKGROUND

1.1 The Licensing Authority received an application for a new premises licence on 16 November 2011 from Star Studded Entertainment Ltd for **Hideaway Speakeasy, 5A Mill Street, Kingsbridge, TQ7 1ED**. A copy of the application is attached (**Appendix 'A'**).

	Sunday	5pm to 11.30pm?
K) Provision of facilities for entertainment of a similar description to I or J.	Monday to Friday	5pm to midnight

	Sunday	12pm to 11pm
O) Opening hours	Monday to Thursday	11am to midnight

	Sunday	12pm to 11pm

1.3 As the applicant wishes to provide the sale of alcohol and the provision of regulated entertainment, under the Licensing Act 2003 a premises licence is required. As regards to this application, only Interested Parties, Responsible Authorities or District Councillors may make representations.

1.4 In the original application, the Designated Premises Supervisor (DPS) was specified as Mr Phillip Walton. The applicant has since requested to replace Mr Walton with Mr Andrew Northcott. We have received confirmation from Mr Northcott that he has consented to be the new DPS – see **Appendix 'A'**.

- 1.5 We have received four representations in respect of the application from Interested Parties. These can be found in **Appendix 'B'**. The main cause for concern is in relation to the Prevention of Public Nuisance licensing objective, there are also concerns in relation to the Prevention of Crime and Disorder.
- 1.6 We have received comments from the Police (**Appendix 'C'**), requesting that amendments are made to the hours permitted for certain licensable activities and to the opening hours. They have also requested that additional conditions be included on the premises licence. Following discussion between the Police and the applicant, the applicant has agreed to these amendments being implemented on the premises licence.
- 1.7 Comments have also been received from Environmental Health suggesting additional conditions to address the Prevention of Public Nuisance licensing objective; these are in **Appendix 'D'**.
- 1.8 It has not been possible for the Licensing Department to mediate with all parties; therefore a satisfactory conclusion has not been possible.

(Please note that due to the amount of paperwork contained within these appendices, full copies have only been circulated to the Sub-committee Members. Any Interested Parties who would like to receive full (or part) copies are asked to contact Member Support Services on (01803) 861273.)

2. ISSUES FOR CONSIDERATION

- 2.1 As mentioned above, representations have been received from four Interested Parties, in objection to this application. The main cause for concern is that noise from music and from people leaving the premises late at night may be a nuisance to the people living within the vicinity of the premises. There are also concerns that if more people are in the area late at night, there may be a growth in anti-social behaviour and crime and disorder. These representations are in **Appendix 'B'**.
- 2.2 The Police have discussed their concerns with the applicant and have proposed additional conditions to satisfy the Prevention of Crime and Disorder licensing objective and also a reduction in the hours permitted for certain licensable activities/opening hours – see **Appendix 'C'**. The applicant has agreed to these amendments.

- 2.3 Following a visit to the premises and discussion with the applicant, Environmental Health have suggested additional conditions to address the Prevention of Public Nuisance licensing objective. These can be found in **Appendix 'D'**. 'Condition 1)' of the suggested conditions requests that "The premises licence holder shall appoint a noise consultant registered with the Institute of Acoustics or Association of Noise Consultants to prepare a scheme of sound insulation and noise control measures to prevent persons in the neighbourhood from being unreasonably disturbed. The scheme shall be submitted for approval by the Council, and the approved scheme fully implemented to the satisfaction of the Council and the premises licence holder notified in writing accordingly prior to the premises being used for live or amplified music". Following this request, the applicant has employed an acoustic consultant who has visited the premises. At the time of writing, the report has not yet been completed.
- 2.4 In Part E of the application form, concerning the hours requested for live music, the applicant has stated that 'plugged music' will play until midnight and 'unplugged' until 3am on Friday and Saturday. The Sub-Committee may wish to clarify the meaning of this statement and definition of 'plugged music'.
- 2.5 In Part P, section a), of the application form, the applicant has stated "No alcohol will be sold with a licensee present". The Licensing Department has discussed this with the applicant who has confirmed that a clerical error was made. The sentence should read "No alcohol will be sold **without** a personal licence holder present."
- 2.6 The Sub Committee will now need to consider this application.

4. RELEVANT LICENSING POLICY CONSIDERATIONS

Licensing Objectives

- 4.1 Section 2.1 of the Policy states: The Licensing Authority has a duty under the Act to carry out its licensing functions with a view to promoting the four licensing objectives.
(These objectives are the only matters to be taken into account in determining the application and any conditions attached must be necessary to achieve the licensing objectives).
- 4.2 Section 2.2 of the Policy states: A licence will only be granted where the Licensing Authority is satisfied that these objectives have been met.
- 4.3 Section 2.3 of the Policy lists the kind of measures the Licensing Authority will be expecting to see taken into account to promote the objectives.

Conditions

- 4.4 Sections 2.5 & 2.6 of the Policy sets out additional legislation, strategies, policies and guidance that the Licensing Authority will have regard to and Section 4 of the policy sets out what the Sub-Committee should consider before imposing conditions on a licence.
- 4.5 The Guidance issued under Section 182 Licensing Act 2003 which was revised and re-published in October 2010 also states:
- 4.6 The Licensing Authority may not impose conditions unless its discretion has been engaged following receipt of relevant representations and it has been satisfied at a hearing of the necessity to impose conditions. It may then only impose such conditions that are necessary to promote one or more of the four licensing objectives. Such conditions must also be expressed in unequivocal and unambiguous terms to avoid legal dispute (paragraph 10.11 of guidance).
- 4.7 Where applications have given rise to representations, any necessary and appropriate conditions should normally focus on the most sensitive periods. For example, music noise from premises usually occurs from mid-evening until either late evening or early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. In certain circumstances conditions relating to noise in the immediate vicinity of the premises may also prove necessary to address any disturbance anticipated as customers enter and leave.

Licensing Hours

- 4.8 Section 6.1 & 6.2 of the Policy states: The Licensing Authority will deal with the issue of licensing hours on the individual merits of each application. When the Authority's discretion is engaged, consideration will be given to the individual merits of an application but the presumption will be to grant the hours requested unless there are objections to those hours raised by Responsible Authorities or Interested Parties on the basis of the licensing objectives. However, when dealing with licensing hours beyond midnight it is more likely that relevant representations will be made unless there are higher standards of control within operating schedules to promote the licensing objectives, especially for premises which are situated near residential areas or in areas where anti-social disorder takes place.
There is no presumption within the legislation for longer opening hours.
- 4.9 Section 6.3 of the Policy states: When relevant representations are made to the Licensing Authority by Interested Parties or Responsible Authorities, concerning the prevention of crime and disorder licensing objective, the discretion of the Licensing Authority will be engaged. When considering the representations the Licensing Authority will give due weight to the alcohol related violence statistics, especially on a Friday and Saturday evening and generally expect premises used for the sale or supply of alcohol or the supply of hot food or hot drinks that wish to operate after midnight, to have CCTV installed inside and outside the premises included in their operating schedule.
- 4.10 Section 6.4 of the Policy states: In considering relevant representations, the Licensing Authority will consider the adequacy of measures proposed to deal with the potential for nuisance and/or public disorder having regard to all the circumstances of the case.
- 4.11 Section 6.5 of the Policy states: The terminal hours will normally be approved where the Applicant can show that the proposal would not adversely affect the licensing objectives unless, after hearing relevant representation the Licensing Authority believe it necessary, proportionate and reasonable to restrict the hours required. The Licensing Authority may set an earlier terminal hour where it considers this is appropriate to the nature of the activities and the amenity of the area.

Children

- 4.12 Section 7.1 of the Policy states: The Licensing Authority recognises the great variety of premises for which licences may be sought. These will include theatres, cinemas, restaurants, pubs, nightclubs, cafes, takeaways, community halls and schools. Access by children to all types of premises will not be limited unless it is considered necessary to do so in order to protect them from harm.

4.13 Section 7.2 of the Policy states: When deciding whether or not to limit access to children the Licensing Authority will judge each application on its own individual merits. Examples which may give rise to concern in respect of children include premises: -

- where entertainment of an adult or sexual nature is provided
- where there is a strong element of gambling taking place
- with a known association with drug taking or dealing
- where there have been convictions of the current management for serving alcohol to those under 18
- with a reputation for allowing underage drinking
- where the supply of alcohol for consumption on the premises is exclusive or primary purpose of the services provided at the premises.

5. LEGAL IMPLICATIONS

5.1 The Act requires mandatory conditions to be imposed (if applicable) on the licence, the wording of which is prescribed by the Act but may be summarised as follows:

(a) Section 19 - Mandatory conditions relating to the supply of alcohol

No alcohol may be supplied unless there is a Designated Premises Supervisor who also holds a personal licence.

Every supply of alcohol under a premises licence must be made or authorised by a personal licensee.

(b) Section 19A - Irresponsible drinks promotions

Staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

(c) Section 19A - No alcohol to be dispensed directly into the mouth of another person

No alcohol is dispensed directly by one person into the mouth of another

(d) Section 19A - Free drinking water

That free tap water is provided on request to customers where it is reasonably available.

(e) Section 19A - Age verification policy

- (1) The premises licence holder or club premises certificate holder shall ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol.
- (2) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and a holographic mark.

(f) Section 19A - Minimum measures for alcoholic beverages

The responsible person shall ensure that-

- (a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures-
 - (i) beer or cider: ½ pint;
 - (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
 - (iii) still wine in a glass: 125 ml; and
- (b) customers are made aware of the availability of these measures.

(g) Section 20 - Mandatory condition relating to exhibition of films

Children may only be admitted to films in accordance with the classification recommendations of the British Board of Film Classification, or as recommended by the Licensing Authority.

(h) Section 21 - Door Supervision

Where door supervisors are specified by condition, those individuals must be licensed by the SIA.

- 5.2 As there have been relevant representations in respect of the new premises application, this hearing must be held. (Relevant representations are about the likely effect of the grant of the application on the promotion of the licensing objectives, by interested parties or responsible authorities). The sub-committee must disregard any information or evidence not relevant to the licensing objectives.
- 5.3 The sub-committee must consider this application in accordance with Section 4 of the Licensing Act 2003, which requires that licensing functions must be carried out with a view to promoting the four licensing objectives. The Licensing Authority must also have regard to its own licensing policy and the Secretary of State's guidance, but may depart from both if it has good reason to do so. Those reasons should be stated.
- 5.4 The Act requires (Section 18) that in dealing with a new application, the committee takes any of the following steps which are necessary for the promotion of the licensing objectives:
- (a) To grant the Licence subject to:-
 - i any Mandatory Conditions required;
 - ii modifying the conditions which have been specified in the operating schedule;

- (b) to exclude any of the licensable activities to which the application relates;
- (c) to refuse to specify a person in the licence as the premises supervisor;
- (d) to reject the application

The Sub-Committee must give its reasons for its decision to take any of these steps. Similarly, if the application is rejected, the Sub-Committee must give its reasons.

- 5.5 The committee will need to consider the hours of operation proposed, the effectiveness of the operating schedule proposed by the applicant, the representations received, the location of the premises in relation to residential properties, the history of the management of the premises, the evidence produced of any problems in the past, and the likely impact of any extension of hours and activities, public transport, taxi availability, the right the applicant has to operate a business and balancing the rights of residents to the quiet enjoyment and privacy of family life. That South Hams relies on tourism, with the population in the district doubling in the Summer months with holidaymakers both from this country and international visitors who are, in the main, families with young children and retired people – the very segment of society who would perhaps be deterred by anti-social behaviour. These issues, and any other relevant ones, may be explored at the hearing in so far as it reflects the four licensing objectives.
- 5.6 If the Sub-Committee rejects the application, or modifies the conditions of the licence, the applicant or Interested Parties or Responsible Authorities may appeal within 21 days of notification of the decision to the Magistrates' Court. Those making relevant representations may also appeal if they believe that the licence should not have been varied, or that, when varying the licence, the Licensing Authority ought not to have modified the conditions, or ought to have modified them in a different way. The Magistrates' Court may dismiss the appeal, or substitute its own decision, or send back the case to the Licensing Authority with directions as to how the case is to be dealt with. The Magistrates' Court may make any costs order it thinks fit.
- 5.7 If extended hours/licensable activities are granted, the Licensing Act contains review provisions which enable those living or running businesses in the vicinity of the premises, bodies representing them or any of the responsible authorities to apply to this Licensing Authority for a review of the licence. A hearing follows which enables the sub-committee to use the normal powers at a hearing (set out above) but also to suspend the licence for a period of up to three months or to revoke it.

6. FINANCIAL IMPLICATIONS

Members were invited to declare any interests in the items of business to be considered during the course of the meeting but none were made.

LSC.24/11 **TO DETERMINE AN APPLICATION FOR A NEW PREMISES LICENCE- HIDEAWAY SPEAKEASY, 5a MILL STREET, KINGSBRIDGE TQ7 1ED.**

1. Licensing Officer's Report

The Licensing Officer gave a resume of the previous meeting held on 12 January 2012 which had been adjourned to enable a report to be submitted to the Environmental Health Service from the Acoustic Consultant (LSC.21/11 refers). The Consultant had been appointed by Mr Walton to prepare a scheme of sound insulation and noise control measures report in regard to the premises. This had now been received and distributed to all relevant parties.

Subsequent to the previous meeting, the Licensing Officer further informed that it had been requested by Mr Walton, that he be replaced by Mr Andrew Northcott as the designated premises supervisor and this had been accepted.

2. Address by Environmental Health Officer

The Committee was informed that the Noise Consultant had been contacted by the Environmental Health Officer (Pollution Control) with a number of questions arising from his report. A copy of the email containing both the questions, and the responses from the Acoustic Consultant, had been distributed to the Committee Members and the Applicant and these were discussed.

The chief points of concern from the Environmental Health Officer had been:

- The reliability of the readings taken on the 2nd floor balcony during T1, T2 and for ambient level;
- Whether the impact of any noise on adjacent properties had been factored into his report;
- Whether potential noise levels from patrons leaving the premises or congregating to smoke in designated areas would be problematic;
- The adequacy of ventilation in the premises to negate the need for windows and doors to be opened during entertainment;
- The adequacy of current sound insulation to mitigate any noise generated by live bands;
- The requirement to install an in house sound system with an electronic in circuit noise limiting device, as opposed to that which emitted a warning (light?) when set limits were being exceeded;
- Whether any background noise readings had been taken representative of the latest time that the premises might be open.

3. Address by Mr P Walton

Mr Walton informed that the extractor fans referred to in the report which dominated the background noise readings, were turned down when the premises became less busy. In regard to the adjacent properties, one of the residents had informed him that he was not disturbed by any noise in relation to the premises and he had not received any complaints from the other adjacent properties. He went on to say that in regard to the concerns about noise from patrons leaving the premises, there would be CCTV installed and staff would be instructed to advise patrons to be considerate when exiting the site.

Members asked how the membership would operate. In response, he informed that there would be different levels of membership. Holiday makers for example would be granted a temporary membership. Names and addresses would be required for membership.

Members expressed some concerns about the limited entry and exit points, particularly during a situation such as a fire requiring a speedy evacuation.

The Licensing Officer informed that a Fire Officer had inspected the premises and although he had concerns about the 3rd floor, as this was not part of the proposed licensed premises he had not objected to the premises licence application.

4. Address by Mr R Price and Mr R Trembath

Mr R Price disputed the statement by the applicant that the extractor fans were switched off when the premises was less busy, noting that in his experience the fans were not switched off until the kitchens were closed. Mr Trembath further expressed concerns that windows could be opened during hot periods and that he had been able to hear noise emanating from the kitchen area.

5. Address by Licensing Officer (Devon & Cornwall Constabulary)

The officer expressed her concerns that this would not in reality be a Members only club by virtue of the seasonal trade requiring temporary memberships and that the proposals could enable the establishment to be run as a nightclub facility.

Members expressed concern about the potential for underage drinking. In response, Mr Walton informed that all those aged 18 to 21 would be required to present ID in order to be issued with a wrist band for purchasing alcohol.

6. Address by the Business Support Manager

The Business Support Manager requested that a condition of the use of an in-house sound system fitted with a sound limiter device, as opposed to one emitting a warning be applied to the license if granted.

7. Committee's Deliberations

8. The Decision

The Chairman then proceeded to announce the decision as follows:

“We have considered the application for a new premises licence.

We have considered the Statement of Licensing Policy, the government guidance and our obligations that related to the promotion of the four licensing objectives.

Upon hearing all relevant representations, examining all the evidence submitted for all the relevant authorities and representors, it is our decision to grant the licence subject to the pre-agreed amendments to the times for licensable activities to take place, together with the following conditions:

1. Environmental Health is to set the upper noise limit to be used;
2. The Applicant is to complete all such sound-proofing works as prescribed by Environmental Health and/or the Applicants consultant;
3. The kitchen window is to be hard glazed and non-openable;
4. An electronic sound limiting device to be installed and set to the maximum level as prescribed by Environmental Health;
5. Vents to be installed before any licensable activity is permitted and subject to the approval of Environmental Health;
6. No licensable activities to take place until such times as Environmental
7. Health provides confirmation that all required actions and conditions have been met.

Chairman
