**1. BACKGROUND**

- 1.1 In December 2014 the Council agreed to a revised business plan for the T18 Programme which aims to deliver a new operating model in partnership with West Devon Borough Council which will ensure that both Councils can continue to deliver quality services for its customers and communities.
- 1.2 The Programme is structured with a number of workstreams and progress on these is set out below.

**2. WORKSTREAM PROGRESS**

**2.1 HR**

- 2.1.1 Recruitment for Phase 1b has begun for the middle management and lead specialist roles and the interviews are currently taking place. The Group Managers have been appointed and the two external candidates will take up their positions at the beginning of March. The two Executive Directors are in post. The remainder of Phase 1b recruitment will take place in March and April.

2.1.2 In order to facilitate this process the detailed organisational design will be published week commencing 16<sup>th</sup> February and this will include the locality officer posts.

2.1.3 The recruitment timeline remains as previously published.

## 2.2 **ICT**

2.2.1 There is a significant amount of work to do in this workstream over the next few months and timescales are tight, however we are currently on track against the plans. Highlights include:

- The network infrastructure to support the new accommodation has been delivered.
  - Work on data migration is on track to enable the new systems to be able to deliver the appropriate customer service.
  - Some officers have seen the Civica mobile product which we will be using and it is hoped that we will be able to demonstrate the product to Members and Staff very soon.

## 2.3 **Accommodation**

2.3.1 The main focus for this workstream over the past few months has been at Follaton House where the second phase of the new office space has now been delivered.

2.3.2 The next quarter will see the emphasis move to the identification of the accommodation hubs that will be required for staff to use as drop in opportunities in and around the district.

## 2.4 **Customer**

2.4.1 The Customer Workstream relates to the engagement required with our customers to maximise the benefits of the future operating model. These benefits are both for the customer, in terms of improved customer service and greater access to on-line services and for the Authority through reduced costs.

2.4.2 Software to deliver Customer insight information has now been purchased to help us structure our customer access methodology and training in how to use this software has been undertaken.

2.4.3 The channel shift plan is under development and will be delivered later this month. This plan will help us target cheaper forms of contact such as SMS and email to those people who want and can use it rather than trying to encourage all customers to use these types of contact.

## 2.5 **Business Processes**

2.5.1 In order to reduce the number of staff required to deliver our services we need to review and re-engineer a large number of our existing processes.

2.5.2 This process is broken down into a number of 'sprints' when each type of activity is mapped and analysed in detail. These sprints are well under way and will continue until June 2015.

2.5.3 Some Support Services staff have been trained as trainers in the use of the document imaging software to ensure we are ready to deliver a paperless environment for when staff in phase 1b start working the new way.

## 2.6 Finance

2.6.1 The profiled budget for Quarter 3 (October to December 2014) is £1,170,460 and the actual spend is £1,158,195. Therefore there is an underspend of £12,265 (1%) against the profiled budget.

2.6.2 The detailed breakdown of actual spend against the profiled budget is shown in the table below.

<b>T18 Budget Codes</b>	<b>Q3 – October to December 2014 Profiled Budget (£) (A)</b>	<b>Q3 - October to December 2014 Actual Spend (£) (B)</b>	<b>(Underspend)/ Overspend (£) (B – A)</b>
ICT Software, Implementation & Workstream Development	280,238	273,498	(6,740)
ICT Workstation Costs, Infrastructure and Furniture	150,912	92,553	(58,359)
Training	26,880	27,740	860
Accommodation	110,500	261,318	150,818
Implementation of future model	160,330	140,330	(20,000)
Contribution to Strategic Change Reserve	441,600	362,756	(78,844)
<b>TOTAL</b>	<b>1,170,460</b>	<b>1,158,195</b>	<b>(12,265) underspend</b>

2.6.3 The areas which are underspent mainly relate to timing of payments, where invoices are due to be paid in the next month.

2.6.4 The accommodation budget is on target. The figures shown above are mainly due to the timing of payments made to refurbishment contractors being slightly earlier than expected.

2.6.5 Council approved a revised business plan in December 2014 which took account of both predicted increased savings and costs. The overall programme is currently on target.

2.6.6 Our Councils have been successful in receiving Government Transformation challenge Award funding of £700,000 to assist in delivering the programme. South Hams District's Councils share of this is £434,000, based on the same ratio as the initial investment costs.

**3. LEGAL IMPLICATIONS AND STATUTORY POWERS**

3.1 The Council has delegated to the Corporate Performance and Resources Scrutiny Panel, the powers to scrutinise the T18 programme and to provide a quality control function.

**4. FINANCIAL IMPLICATIONS**

4.1 There are no financial implications arising directly from this report. The finances of the programme are set out in Section 2.6.

**5. RISK MANAGEMENT**

5.1 A Programme of this size and complexity clearly brings a significant number of risks which have to be carefully managed. The Risk Management implications are shown at the end of this report in the Strategic Risks Template and the comprehensive Programme risks are reviewed every four weeks by the Transformation Programme Board.

**6. OTHER CONSIDERATIONS**
