## **STRATEGIC RISK ASSESSMENT**

### **Reports to Members**

Members will be aware of the requirement to take account of strategic risk in decision making. This note is designed to support Members consider strategic risks as part of the assessment of reports from officers.

There are an increasing number of issues that we have a statutory requirement to take into account which affect all aspects of the Council's policies and service delivery (e.g. Human Rights Act). There are also discretionary issues we choose to highlight in our reports (e.g. Financial Implications, and Impact on Council Priorities and Targets). Common Law duty requires Local Authorities to take into account all things they need to take into account! The Courts hearing Judicial Review applications make this their starting point in deciding whether any decision is reasonable.

Officers have a responsibility to assess the implications of recommendations to Members. Members should ensure that before making a decision they have undertaken a similar consideration relating to the risks associated with the report.

Examples of risk to be considered:-

### **Statutory Requirement :**

- Equalities and Discrimination, particularly Race Equality. (Consider the impact on each of the following equality areas: Race, Religion and Belief, Gender, Sexual Orientation, Disability, Age)
- Human Rights
- Crime and Disorder
- Health and Safety
- Employment Legislation
- Data Protection
- Freedom of Information
- Corporate activity with an impact on Areas of Outstanding Natural Beauty, National Parks, Sites of Special Scientific Interest, and biodiversity

### **Corporate Requirement :**

- Impact on Council's Reputation
- Impact on Priorities, Cross-Cutting themes, Targets and / or Commitments
- Impact on Standing Orders / Financial Regulations
- Impact on Council's Assets
- Financial Risks
- Compliance with National Policies and Guidance
- Impact on Sustainability

Members' attention is drawn to the Risk Assessment section within each report. Members are encouraged to consider whether the report has satisfactorily identified all likely negative impacts and mitigating action that will be taken. Members also need to consider the opportunities presented by actions, noting that any change entails an element of risk. The challenge is to effectively manage that risk.

2	Low	Low chance of occurrence; has occurred infrequently but within internal control	Opportunity being investigated with low likelihood of success	
3	Medium	Equal chance of occurrence or non occurrence; could occur more than once and be difficult to control due to external influences	Opportunity may be achievable with careful management
