<p>1. Develop and embed the T18 model to respond more specifically to the context and challenges of the DM service. Specifically consider issues relating to how the T18 model can deal with the whole end to end processes of negotiating and determining proposals, to achieve better accountability, increased capacity and a greater customer focus.</p>	<p>1.1 The model is being developed and implemented within Development Management to reflect these recommendations.</p> <p>1.2 Under present trials L6 Senior Case Managers ('Junior planners') handle lower level householder apps from cradle to grave. The majority of other cases will be managed by Case Managers (CM) – ie they will push the application through the process and ensure that dates are met, consultations gathered, applicants/neighbours kept informed of progress etc. The Specialist will be accountable and responsible for the decision having assessed the application. Accountability will be clear; we will effectively have a CM managing the application and a Specialist determining the application.</p>	<p>A1. Extend trial to all CM/Specialists dealing with planning applications.</p>	<p>September 2016</p>	<p>Drew Powell Kate Hamp</p>

Review staffing levels during transition to ensure post transition levels will be sufficient to sustain performance</p> <p>A.3 As part of the new approach to performance management (see also 9.1) we will also be measuring determination performance in line with the relevant 8 and 13 week statutory targets.</p>	<p>February 2017</p> <p>August 2016</p>	<p>Drew Powell Kate Hamp</p> <p>Drew Powell</p>

In doing this ensure that the web site is easy to use and learn from currently high performing customer focussed planning services.</p>	<p>3.1 Since the visit there have been major improvements in terms of functionality in relation to planning history and constraints. There remains issues with the stability and functionality of the website and it is accepted that further development/improvement is necessary.</p>	<p>A.4 Review present action plan to develop the website in line with best practice and to facilitate self-serve and channel shift in line with operating model principles.</p>	<p>September 2016</p>	<p>Mike Ward</p>
