ISSUE LOG
Frontline services Waste procurement project.

Service	Waste
Programme	**Frontline Waste Services Project - Mobilisation**

ID	Description	Priority (Select from drop)	Date Logged
M01	Reduce work streams numbers to reduce to opportunity of tasks not being allocated and tracked.	Low	27/12/18
M02	Increase the number of 'touch base' meetings with Contractor to fortnightly Face to Face meetings and fortnightly Conference meetings.	Low	16/02/19
M03	Modify the Highlight report to feedback individual work stream progress so the Board have the right level of detail in their updates.	Low	25/02/19
M04	Ensure there is a list of Contracts (mainly services such as Telephone lines and Broadband, Gas, Electric etc.) is made which include contract end dates and any termination penalties.	Medium	05/03/19
M05	When considering meeting dates/ key decision points consider what might be going on the Council at that time .i.e. Elections, Council summer Break etc.	Low	01/03/19
M06	Ask the Work stream leads to update the board themselves which allowed more insightful Q&A.	Medium	11/03/19

M07	When providing the Final Contract to the Contractor solicitor for confirmation, is an electronic version acceptable? As when the contract was to be printed of the Print Room wanted over a week to Print and bind it.	Medium	30/03/19
M08	Ensure all electronic devices are able to be unlocked on day one by providing log details and passwords.	Medium	01/04/19
M09
