1. BACKGROUND

- 1.1 The Accounts and Audit (England) Regulations 2011 set out the requirements for the production and publication of the local authority's annual Statement of Accounts (SOA). These regulations introduce revised procedures for the certification, approval and publication of accounting statements. In particular, the requirement for Councils to approve the SOA prior to external audit is removed. In line with common practice in the commercial sector, local authorities are now required to approve the accounts following the completion of the audit.

- 1.2 The SOA is an essential feature of public accountability, since it provides the stewardship report on the use of funds raised from the public. The closing of accounts is also important to the budgetary process, since it confirms the availability of reserves and balances for future use.
- 1.3 The attached booklet contains the Council's final accounts in full, including details of the Comprehensive Income and Expenditure Account, Balance Sheet and Collection Fund together with statements setting out movements in reserves and cash flow. In addition, the explanatory foreword to the booklet summarises the major variations in income and expenditure from the original budget.
- 1.4 The accounts have been prepared in accordance with all relevant and appropriate accounting standards including, International Accounting Standard (IAS) 19 which deals with pension costs.

2. ISSUES FOR CONSIDERATION

2.1 International Financial Reporting Standards (IFRS)

- 2.1.2 Members are advised that this is the first time that the annual accounts have been prepared on an IFRS basis. A major implication of this change is a requirement that the 2009/10 accounts are restated on an IFRS basis for comparative purposes. This has placed an additional and considerable burden on the Council's Finance Team.
- 2.1.3 There have been no changes in accounting policies apart from the requirements to reassess various balances and transactions in 2009/10 (and calculate similarly for 2010/11) under IFRS. Principally this has affected the treatment of employee costs, grants and contributions received property, plant and equipment, income in advance, cash and cash equivalents and leasing. The changes are detailed in Note 41 of the notes to the financial statements.

2.2 IAS 19 – “Employee Benefits”

- 2.2.1 This standard ensures that the full cost of employing people is recognised systematically in the accounts and that creditors reflect the council's liability to pay money into the pension fund. A full explanation of the pension's liability is included in the Council's SOA. Members are advised that the accounting arrangements for IAS 19 are for reporting purposes only. Indeed the required entries are reversed out of the accounts and consequently, IAS 19 has no impact on the Council's surplus for the year.

2.3 Revenue Expenditure

- 2.3.1 Revenue expenditure represents the ongoing costs of carrying out day-to-day operations, and is financed from council tax, fees and charges, government grants and interest earned on investment activity.

2.3.2 The surplus on the General Fund in 2010/2011 is £139,000 which represents less than 1% of the Council's gross turnover of £52M. The main differences from budget are shown in paragraph 4 of the Explanatory Forward in the SOA.

2.4 Capital Expenditure

2.4.1 Capital expenditure represents monies spent on the purchase, construction or major refurbishment of assets. The Council's capital expenditure amounted to £3.3 M in 2010/11 and is analysed in the Explanatory Foreword to the SOA.

2.5 Audit of Accounts

2.5.1 Members are advised that the accounts will be audited by our External Auditors, the Audit Commission, during August.

2.5.2 Following the Audit, the SOA will be brought back to the Audit Committee for approval in September.

4. LEGAL IMPLICATIONS

4.1 The Statutory Powers that apply to this report are Section 151 Local Government Act 1972 Section 21 (12), Local Government Act 2003 and the Accounts and Audit (England) Regulations 2011 (SI 2011 No 817).

5. FINANCIAL IMPLICATIONS

5.1 The financial implications to this report are that a surplus of £139,000 was generated in 2010/2011.

6. RISK MANAGEMENT

6.1 The risk management implications are:

Opportunities	Benefits
Consideration of the Statement of Accounts forms an essential component of the Council's systems for public accountability. It also provides a platform for future resource planning.	Consideration of the Statement of Accounts forms an essential component of the Council's systems for public accountability. It also provides a platform for future resource planning.
Issues/Obstacles/Threats	Control measures/mitigation
The Council does not review the SOA and consequently fails to comply with statutory requirements.	The accounts have been drawn up in strict accordance with the <i>Code of Practice on Local Authority Accounting in the United Kingdom 2010/11</i> which is recognised by statute as representing proper accounting practice.
