## **1. BACKGROUND**

- 1.1 The Accounts and Audit (England) Regulations 2011 set out the requirements for the production and publication of the local authority's annual Statement of Accounts (SOA). These regulations introduced revised procedures for the certification, approval and publication of accounting statements. In line with common practice in the commercial sector, local authorities are now required to approve the accounts following the completion of the external audit.
- 1.2 The SOA is an essential feature of public accountability, since it provides the stewardship report on the use of funds raised from the public. The closing of accounts is also important to the budgetary process, since it confirms the availability of reserves and balances for future use.
- 1.3 The attached booklet (Appendix B) contains the Council's final accounts in full, including details of the Comprehensive Income and Expenditure Account, Balance Sheet and Collection Fund together with statements setting out movements in reserves and cash flow. In addition, the explanatory foreword to the booklet summarises the major variations in income and expenditure from the original budget.
- 1.4 The accounts have been prepared in accordance with all relevant and appropriate accounting standards including International Accounting Standard (IAS)19 which deals with pension costs.

## **2. ISSUES FOR CONSIDERATION**

### **2.1 IAS 19 – “Employee Benefits”**

- 2.1.1 This standard ensures that the full cost of employing people is recognised systematically in the accounts and that creditors reflect the council's liability to pay money into the pension fund. A full explanation of the pension's liability is included in the Council's SOA. Members are advised that the accounting arrangements for IAS 19 are for reporting purposes only. Indeed the required entries are reversed out of the accounts and consequently, IAS 19 has no impact on the Council's surplus for the year.

### **2.2 Revenue Expenditure**

- 2.2.1 Revenue expenditure represents the ongoing costs of carrying out day-to-day operations, and is financed from council tax, fees and charges, government grants and interest earned on investment activity.
- 2.2.2 The deficit on the General Fund of £127,000 is essentially a break-even position and represents only 0.2% of the Council's gross turnover of £63 million. The main differences from budget are shown in the Explanatory Forward to the SOA.

## **2.3 Capital Expenditure**

- 2.3.1 Capital expenditure represents monies spent on the purchase, construction or major refurbishment of assets. The Council's capital expenditure amounted to around £4million in 2013/14 and is analysed in the Explanatory Foreword to the SOA.

## **3. AUDIT OF ACCOUNTS**

- 3.1 The draft Statement of Accounts was considered by the Audit Committee on 31 July 2014. The Draft Statement of Accounts is required to be audited by the Council's external auditors, who give their opinion on the Draft Accounts. The annual audit was undertaken in August 2014 by the Council's external auditors, Grant Thornton UK LLP. Post audit changes have been incorporated within the SOA in line with the recommendations contained within their "Audit Findings Report".
- 3.2 The Council Constitution delegates approval of the Accounts to the Audit Committee. The Council is also required to sign a Letter of Representation every year, which gives representations to the Council's external auditors. The Chairman of the Audit Committee and the Head of Finance are required to sign the Letter of Representation. The letter is attached at Appendix A. It is recommended that Members approve the wording of the Letter of Representation.
