6. Proposed Amendment to the South Hams Hackney Carriage Fare Tariff

L06/22

The Officer provided an update to the Committee on the proposed amendment to the South Hams Hackney Carriage Fare Tariff. The legislation allowed for a maximum period of two months for the fare to take effect and today was the last day a decision could be made on the last proposal. At the last meeting when this report was considered it included 4 options for a maximum fare as well as subsequent proposal option 5. Option 5

was miscalculated and the Committee decision was therefore made on the miscalculated figures. This report set out the 4 original options and included the recalculated option 5.

The Committee was attended by a representative of Totnes Taxis Ltd, who was invited to speak by the Chairman. Mr Routledge, one of the directors of Totnes Taxis, explained that at the last meeting the Committee voted for Option 5 which gave a 31% increase. The difference between tariff one and two was 48% and on the new figures a 36% difference. The rising fuel prices were highlighted and Mr Routledge suggested that drivers be allowed 10p for 10 miles or part thereof when the average fuel price rose above £1.80. Mr Routledge also pointed out a discrepancy between Plymouth (that started tariff two at 7pm) and South Hams (that started at 11 pm).

Following discussions with the representative, tariffs for 8 seater vehicles working unsocial hours was highlighted and clarification was sought on the 10 p for 10 miles.

During the debate Members raised that Mr Routledge had highlighted further issues and figures and sought for officers to re-visit these figures for consideration. The meeting was adjourned for 10 minutes to enable the officers to work through the figures.

Upon reconvening the meeting, the Committee was presented with a new alternative option 6, as outlined, with a 2 mile trip at £7.80 leading to a 30% increase and a 5 mile trip at £16.16 leading to a 33% increase.

It was then:
