- ii. Treasury Management Strategy (as attached at Appendix B)**
- iii. Investment Strategy (as attached at Appendix C)**

1. Executive summary

- 1.1 This report recommends to Council, approval of the proposed Capital Strategy, Investment Strategy and Treasury Management for 2022/23, together with their associated prudential indicators.

- 1.2 Revised reporting is required since the 2019/20 reporting cycle due to revisions of the MHCLG Investment Guidance, the MHCLG Minimum Revenue Provision (MRP) Guidance, the CIPFA Prudential Code and the CIPFA Treasury Management Code. The primary reporting changes included the introduction of a capital strategy, to provide a longer-term focus to the capital plans and greater reporting requirements surrounding any commercial activity undertaken.
- 1.3 The current guidance for a Council's level of borrowing is the Prudential Code (2017) and as "proper practice" must be adhered to. The following extracts from the Code summarise the Code's approach to level of borrowing (self-regulating) and the governance that should apply.

"the local authority shall ensure that all its capital and investment plans are affordable, prudent and sustainable.

'A local authority shall determine and keep under review how much money it can afford to borrow.'

"the level of capital investment that can be supported will, subject to affordability and sustainability, be a matter for local discretion"

Capital Strategy - As from 2019/20, all local authorities are required to prepare an additional Capital Strategy report. The Capital Strategy for 2022/23 is attached in Appendix A.

In 3.5.3, the Capital Financing Requirement, the measure of the Council's underlying need to borrow for the capital programme, has been projected to be £24.6 million for 2022/23. This includes borrowing for leisure, waste fleet, Kilworthy Park, Tavistock temporary accommodation and four investment properties.

Investment Strategy - The guidance includes a new requirement for Councils to prepare an Investment Strategy since 2019/20. Councils are required to prepare indicators that enable Members and the public to assess the Council's investments and the decisions taken. The new indicator measures net commercial income as a percentage of net service expenditure and total investment exposure.

Treasury Management Strategy - Treasury risk management at the Council is conducted within the framework of the Chartered Institute of Public Finance and Accountancy's *Treasury Management in the Public Services: Code of Practice 2017 Edition* (the CIPFA Code) which requires the Council to approve a treasury management strategy before the start of each financial year. This report fulfils the Council's legal obligation under the *Local Government Act 2003* to have regard to the CIPFA Code.

- 1.4 To demonstrate the proportionality between the treasury operations and the non-treasury operation, high-level comparators are shown throughout all three of the Strategies presented for approval.
- 1.5 The three strategies were considered by the Audit Committee at their meeting on 15th March. Whilst inquorate, those Audit Committee Members who were in attendance on 15 March 2022 also informally considered the draft strategies and scrutinised the prudential indicators and calculations within the draft strategies.

2. Outcomes/outputs

- 2.1 In light of historically low interest rates, the budget for investment income was reduced for 2022/23 and has been set at £25,321 for 2022/23. Interest rates have started to increase since the budget was set in February 2022.
- 2.2 External treasury management training (by Link Group) was arranged for all Members in March 2021 to ensure Members have up to date skills to continue to make capital and treasury management decisions. This training will take place every two years and was scheduled to take place again in March 2023. It was discussed at the Informal Audit Committee meeting in March that it maybe better to run the training in the Summer of 2023, as part of the Member Induction programme.

3. Options available and consideration of risk

- 3.1 It is a statutory requirement for the Council to annually approve its Capital Strategy, Treasury Management Strategy and Investment Strategy.

4. Proposed Way Forward

- 4.1 That Council approves the Capital Strategy (Appendix A), Treasury Management Strategy (Appendix B) and Investment Strategy (Appendix C) for 2022/23.
